GALVESTON GAY SOCIETY

What is the Galveston Gay Society? To quote from the flyers put at the very beginning of the society: it is an organization designed to give legal spiritual and charitable aid to those in need; to enhance the image of all gays; an organization with dignity and fellowship in mind. It is an organization for all gays - guys or girls, truck driver or drag queen, or anywhere in between, and for straights who are sympathetic and understanding to the gay community and its problems.

At the September 23rd meeting of the GGS it was reported there were 85 members at that time. At the October 7th meeting, membership was up to 111. For a newly formed organization we are growing fast, but still have a long way to go.

All officers in the GGS at the present are serving on a temporary basis for a period of three months. At the beginning of the GGS it was decided to elect temporary officers until the organization had a permanent membership in mind. It is an organization with dignity and fell.

SAMPSON]

The meeting was opened with a hearty word of thanks to Smith & Joyce Printing Co. for the printing done free of charge for the GGS. They have printed the flyers, membership applications, and membership cards, all at no cost to the GGS. It is impossible to express how much we appreciate what they have done for us.

"FOR THE DISCRIMINATE GAY MALE"

FROM THE EDITOR

I would first like to thank all those in Dallas this past weekend who made me more than welcome in their city. Also a personal thanks to the Bayou Landing's Dennis Sisk and John Stahl for their hospitality.

It seems that across the state many bars are having some difficulty with customers and their having proper identification. Most bars require a valid drivers license or Department of Public Safety I.D. Card. This is only for YOUR protection. In Houston alone only three weeks ago, 90 bars, that's right, 90 bars were raided; gay and straight alike. All for one reason - proper identification! It seems that most people drive, so what seems to be the big hassle in carrying your license with you? If you don't drive, the DPS offers an I.D. card for only $5.00 that has your picture and all the information necessary for you to enter any bar. All you need to get one is a birth certificate or other verification of correct birth date. So why go on yelling that the bars are getting pushy and arrogant. They're not! They are only trying to protect you. For not having proper identification on you in a bar, you may be taken down town to city jail and fined $27.50. So why take a chance? You see the law dealing with I.D.'s hasn't a thing to do with age - so it doesn't matter if you're 18 or 118. You must have proper I.D. on you at all times.

Norma Kristie, former Miss Gay America and head of the pageant, will be in Houston this weekend to push the upcoming Miss Gay America Pageant to be held at Houston's Old Plantation. She'll be selling raffle tickets.

Once again I have a new film to review for you. Coming your way is "Mahogany" starring Diana Ross and Billy Dee Williams. If you love trashy movies, then this one is for you. Now I do know that there are some people who just love trash and as the old saying goes "one man's trash is another man's treasure". I just don't happen to be one of those people. The film is directed by Berry Gordy who also directed Miss Ross in "Lady Sings the Blues". As in "Lady", Diana once again proves that she can sing, but not act. Every now and then Miss Ross has spurts of brilliance but not enough to keep you interested in watching her. It seems that the director gets her going in one direction and then changes his mind and heads in another one. This style of direction works on most actresses, but not Miss Ross. She just doesn't have the acting capability to pull it off. Don't get me wrong; she is truly fun to watch. She can go through a scene, but when they give her dialogue and movements, she falls on her face.

In "Mahogany" Diana plays a fashion student with high aspirations of being a top designer. In route to this conquest, she meets a rising politician who also has high aspirations of becoming a congressman. It appears that Miss Ross is on her way to fame and fortune, when who happens along, but a top European photographer who makes her a successful fashion model. With success in her grasp, she has no use for her political boyfriend. This seems to really upset the guy as he wants her by his side. A classic love story! Pure bunk! That really wraps up about the size of the whole contents of "Mahogany". Not really too much use to continue. I forgot to say that the fashion photographer is played by Anthony Perkins. I must say that his and only his performance was actually good. In fact it was very good! I was truly pleased with his overall performance. In my eyes, he is the movie's only salvation! On a whole the film was not quite up to the standards of film excellence. It was very thin and lacked any meaningful dialogue; the acting was unreal. The theater was just jammed packed. I guess everyone went expecting to see Diana Ross in a "Lady Sings the Blues" type role. It just never happened. I guess that's why a number of other people and myself were truly disappointed in the Film. Personally I was. I was bargaining for more than what I got.

If a person was enchanted with "Lady", then there is a possibility that the same enchantment may carry over with "Mahogany". Anyone with the hopes of entering the world of fashion should eat up this film. I must say that wardrobe wise, "Mahogany" is top notch.

Sorry that the new Roger Daltry flick didn't make it out this week as it was supposed to have done. Seems it's being held in pre-release limbo somewhere for some unholy reason. Hope to have something on it by next week. Until then,

Dear Aunt Sofa:
I have seen all the ads for the "love" dolls that are in the papers and magazines. I notice that now they are making a boy doll as well as a girl doll. Do people really buy these? Just what function can these things actually do?

ADVISE:
Yes manufacturers are now making a boy doll as well as the girl dolls. They all claim to have fantastic capabilities - if only a person could find a real live person that could do as much! I guess that the new boy doll is the one most of us would be interested in discussing. I checked out the local bookstores to see if they carry any and ran across one at Action Book Store in Houston. Was it ever a deluxe model! It seems that this doll is capable of most anything - active and passive Greek and French. If only I could find a man with such potential. This particular doll even has a 10" vibrating you-know-what. Also, yes, these items do sell a lot through mail order and over the counter. The prices may vary on the particular model. Some come with deluxe features (such as an ejaculating penis) that other models don't have. I guess that these dolls have a definite purpose for the buyer and the lover of solitary sex. But somehow, I just like to hear a little breathing while all the action is going on!

AUNT SOFA will answer your questions in Update Weekly as space permits. If a personal reply is needed, please include a self-addressed stamped envelope with your letter. Send all letters to Aunt Sofa, c/o Update Weekly, 606 Marshall #12, Houston, Texas 77006
