LIKE NO TRAVEL BOOK EVER WRITTEN !!!

In thirty-five devilishly witty drawings and verses, Danny jauntily encircles the globe, meeting thirty-five of the world's most attractive men along the way. For sexy, gay humor it's unbeatable. No sophisticated library will be complete without this chock-full-of-fun, saucy picture story.

Young adventure-loving Danny travels from Ireland to England, from there to the Continent, then on to the mysterious East and the South Pacific.

In each country he visits, he speedily acquaints himself with one of the countries prime male specimens and with each of these handsome young men he has a startlingly new experience to keep as a vivid souvenir of his wild globe-trotting. When he finally does get back to the U.S.A. he is a wiser, vastly more broadened but exhausted young fellow.
