A MEMBER OF THE **GAY & LESBIAN ALLIANCE** AGAINST DEFAMATION

We always thought that Marky Mark and Calvin Klein made strange bedfellows, and now we're asking them to call it auits.

As readers may know, sometime rapper and underwear poster boy Marky Mark has come under fire once again. At a Los Angeles party that included Madonna, Mark's alleged anti-gay remarks ended in a fight with Maverick record executive Guy Oseary.

Because of the incident, GLAAD/NY, together with the Committee Against Anti-Asian Violence and the Anti-Violence Campaign, have dropped plans to produce a public service announcement that would have featured and been produced by Mark. The spot was to denounce bias violence.

While we at GLAAD originally thought that Marky Mark would be highly effective in the spot, we now feel that his continued involvement with violence could in no way earn our endorsement.

In addition, we feel it's time to protest Calvin Klein's use of him as a model. We think it's time to send a loud, clear message to Klein, telling him to drop Mark and take a stand against violence and homophobia. Write to: Calvin Klein, Inc.; 205 West 39th St., 10th Floor; New York, NY 10018. Or call (212)719-2600.

An important new study challenges the use of the term "public" in public television. The findings appear in the September/October issue of Extra! magazine, which is published by the media watchdog group FAIR, an acronym for Fairness & Accuracy In Reporting.

After examining sources in a wide range of public TV programs, the researchers could not find a single representative of a gay or lesbian organization. In fact, les-

bian and gay activists were totally absent from public affairs programs during the time period studied. This counters the claim of the religious right, which argues that lesbian and gay activists dominate public TV.

The authors conclude that public television actually underrepresents groups including women, people of color, lesbians and gays. In doing so, PBS has failed to fulfill its Congressionally mandated mission, which is to "help us see America as a whole, in all its diversity, and "provide a voice for groups in the community that may otherwise be unheard."

The study will be released on the day before the Corporation for Public Broadcasting begins hearings on balance and objectivity. Conservative U.S. senators have called for the hearings in order to propagate the myth of public TV's "prohomosexual" agenda.

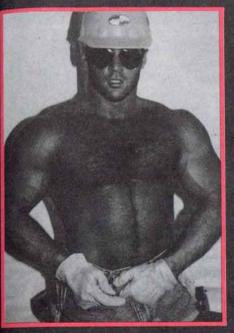

So write your local PBS station, and tell them to take seriously the study's findings. It's time for Public Television to include programming geared toward everyone who watches. And let your senators known that public television has not fulfilled its requirement to provide a fair, equitable forum.

The number of the Senate Switchboard is (202)224-3121.

"GLAAD Tidings" is written by members of the Gay & Lesbian Alliance Against Defamation, Inc., a nationwide organization that monitors media coverage of lesbians and gay men. To report on such coverage in Texas, contact GLAAD/Dallas at P.O. Box 190712, or call (214)526-GLAD. To reach the national office, write to GLAAD/New York; 150 West 26th Street, Suite 503; New York, NY 10001. Or call (212)807-1700.

BY CHRIS JIMMERSON DIRECTOR OF OPERATIONS FOR THE HOUSTON CLINICAL RESEARCH NETWORK

HIV Clinical Trials:

Why Houston Has Been Left Out, And Why There's Hope For The Future

istorically, persons with HIV in Houston have had far less access to clinical trials than persons in other cities with similar infection rates. Often, this has denied these persons access to experimental therapies that could be life-extending or life-improving when standard treatments have failed, as they so often do in HIV disease. The reasons for this history are complicated and far too lengthy to address here. However, there is still hope that more clinical research for HIV will become available in Houston.

Clinical trials for HIV are conducted in the United States through several different mechanisms. The federal government, through various parts of the National Institutes for Health [NIH], funds several different HIV clinical research mechanisms. The AIDS Clinical Trials Group [ACTG] is a network of university-based research sites in cities across the nation. AZT, for example, was developed and gained FDA approval through this mechanism. Additionally, the NIH funds the Community

Programs for Clinical Research on AIDS [CPCRA], which is a network of research sites that conduct trials through physicians providing primary care in a community setting. It also funds the Division of AIDS Treatment Research Initiative [DATRI], a combination of university and community-based sites. Finally, NIH also funds a few smaller research networks and independent projects that may or may not be affiliated with any of the previously listed networks.

The American Foundation for AIDS Research [AmFAR] funds a network of community-based research sites known as the Community Based Clinical Trials Network [CBCTN]. CBCTN sites are not-for-profit, 501(c)3 organizations, formed to fulfill AmFAR's commitment to providing communities affected by HIV a role in the research that is conducted. Additionally, private for-profit groups, such as the drug companies, also fund research, sometimes through independent researchers and sometimes in combination with sites that are a part of research networks.

The reason for going through this array of HIV clinical research mechanisms is to provide a perspective on what is currently available in Houston and what could be available. In Houston, there is no adult ACTG site and no CPCRA site (there is an excellent pediatric ACTG site). These are probably the largest and best-funded HIV clinical research networks in the nation. The lack of a site within either of these networks is one of the reasons there is less access to HIV clinical research in Houston. In other cities with similar rates of infection, for example, there is often a site from within each of the networks mentioned earlier and research being conducted through all the mechanisms listed above.

In Houston, HIV clinical research has been conducted independently, by community physicians, physicians at Thomas Street Clinic and physicians within local medical schools. However, a mechanism for coordinating all these efforts has been missing. The Houston Clinical Research Network [HCRN] was formed the Montrose Clinic in late 1989 to stimulate a coordinated, community-based clinical research effort. HCRN is an AmFAR, CBCTN site and has recently become a federal DATRI site. Since 1989, HCRN has enrolled over 800 patients in research studies.

It is encouraging that recently, physicians and researchers at local medical schools, Thomas Street Clinic, in private practice and through HCRN have begun to establish more coordination and cooperation. This could help establish a "track record" for Houston as a whole and should eventually attract more research to the city. Additionally, a joint project among many of these researchers and organizations will be submitted to the NIH for consideration to fund a CPCRA site in Houston. If it is approved, this would certainly vastly increase access to clinical trials in Houston, HCRN supports these cooperative and coordinated efforts, because this is what will eventually improve the level of clinical research for HIV in the city. HCRN often can provide some of the mechanisms and staff support needed to create coordinated efforts.

Currently, there are several clinical trials being conducted in the Houston area. The Houston Clinical Research Network publishes the "HIV Clinical Research Directory," a compendium of information about many of these trials. The Directory is avail-

able at no cost by calling HCRN at (713) 520-2083 (for the English version) and 520-0934 (for Spanish version). These publications are made possible by funding from AmFAR and Caremark.

Several new clinical trials for HIV and related infections have begun enrollment or will begin enrollment shortly. Many of these studies will examine combinations of two or more drugs to combat HIV. Trials of two new drugs, U90 (by Dr. Susan Miller and Dr. Phil Johnson) and U87 (by Dr. Joseph Gathe and Dr. Edward Stool) will begin enrolling shortly. Both of these drugs are non-nucleoside analog, reverse transcriptase inhibitors; they combat HIV in a way similar to AZT, ddl and ddC, but have much different chemical structures. Thus, they may have different and, hopefully, fewer side effects. Additionally, it is hoped they prove more effective, especially if used in combination with the standard treatments.

Another drug being studied in Houston is similar in its chemical structure and the way it works to AZT, ddl and ddC. (by Dr. Wayne Bockmon, Dr. Patricia Salvato, Dr. Gary Brewton and Dr. Gathe). This drug will be given in combination with AZT, will be compared with a combination of AZT and ddC. The trial is open to persons with CD4 cell counts between 100 and 300. Dr. Stephen Greenberg is also conducting a study comparing a combination of AZT and ddC with a combination of AZT, ddC and alpha interferon in persons with CD4 counts between 300 and 500.

Still another study due to begin shortly, by Dr. Roderick Frazier and Drs. Bockmon, Gathe, Brewton and Salvato, will look at thymopentin, a drug composed of human thymic hormone, a substance in the body which stimulates production of immune system cells. One previous study has indicated that, for some persons with HIV who had been on AZT therapy, adding thymopentin significantly slowed progression of the disease and resulted in a survival advantage for those persons taking both AZT and thymopentin.

The Houston study will randomly (i.e., by chance) assign persons with CD4 counts between 200 anbd 400 to groups receiving either thymopentin or a placebo (an inactive, "fake" drug). These will be added to one of the following: AZT, ddl, AZT and ddl combined, or AZT and ddC combined. For this trial, the study drug and all associated lab work will be provided at

R. STILES PATTERSON

ATTORNEY and Associates

Civil & Criminal

Austin, Texas (512) 499-0336 (Answered 24hrs)

no charge, but not the AZT, ddl and ddQ. If thymopentin is found to be effective at a certain point during the study, all patients will be given the option of receiving real thymopentin (the placebo will be withdrawn).

Another experimental drug that it is hoped will help make the immune system function more effectively is also being studied in Houston by Drs. Bockmon, Gathe and Salvato. The drug will be given to persons with CD4 counts between 400 and 700 who are not on any other anti-HIV therapy

The first federal DATRI study will begin soon in Houston, conducted by Dr. Gathe. The trial will examine treatment administered to persons newly exposed to HIV in an attempt to reduce viral replication at this very early stage of infection. The study will also gather data on the virus and the immune system's response right after exposure to HIV.

HCRN can provide information and referral for both its studies as well as others being conducted in the Houston area. The trials described above are only some of the studies looking at ways of fighting the HIV virus itself. There are also many other studies looking at the treatment or prevention of HIV-related infections. HCRN may be contacted at (713)520-2083 or 520-2011 for information on these and other studies. Spanish translation is available at 520-0934, TDD at 528-3577.

This increase in the numbers of HIVrelated clinical trials in the Houston area is very encouraging; however, the city still lags behind other cities of comparable size and infection rates. The way to do that is for individuals and institutions involved in research to coordinate their HIV-related efforts and to engage in cooperative efforts whenever possible. Communities affected by HIV must demand no less. Houston has some of the finest medical care available in the nation. It has some of the bestequipped facilities, featuring state-of-theart technology. It has some of the most capable researchers available. Only our own failures can prevent a groundswell of new HIV research from taking place. For the first time in many years, a meaningful position in the national HIV research effort is within our grasp.

Information for clinical trials nationwide is available by calling 1-800-TRIALS-A. Some trials being conducted elsewhere may reimburse for travel expenses.

Dallas' Wendi Phoenix and Trudi Stinson: Partners in Life and in Business

Children love to daydream. Their boundless imaginations and youthful innocence take them on a path of exploration that often creates a blueprint for the adults they are to become.

Many of these childhood musings focus on the timeless search for love and marriage. How many of us can recall doodling during particularly dull classes, combining our names with those of that week's infatuation and committing the new moniker to paper for eternity—or until a new object of affection presented itself.

These musings proved to be somewhat troubling, however, when the "spouse" in our fantasies happened to be of the same gender. With no positive examples of same-sex couples as role models, and a society that frowns on anything that deviates from the "norm," troubling often became traumatic.

But that, as they say, was then. Today, with the higher visibility of gay and lesbian issues, there is a higher awareness of the presence of gay men and lesbians in all segments of our society. And there are more and more gay couples who are pledging their love publicly and living together openly, providing our community positive examples of the relationships and commitment that are possible for members of our community.

Two shining examples of that commitment, Wendi Phoenix and Trudi Stinson, live right here in Texas. As partners in both business and life, they are—quietly, determinedly—creating a new blueprint for society and turning their childhood dreams of love into a very genuine reality.

On the surface, these two vibrant and dynamic young women might seem as disparate as oil and water. Wendi was born and raised in New Jersey, while Trudi proudly and passionately calls Texas home. And while Wendi exhibits those traits ascribed to learned scholars, Trudi is the embodiment of good, old-fashioned common sense. But according to Wendi, the attraction was natural and mutual.

"When we first met, we had a very spiritual connection, and that's very important to both of us. What we needed to learn how to do was to be earthly with each other, and that's where our differences really came in."

But those differences didn't stop the two from pursuing a life together, despite Trudi's initial reluctance even to go out with friends the night she and Wendi met. As Trudi remembers, "they had to literally drag me out of my house that night. We ended up at the Lesbian Resource Center, where I met Wendi. But it was almost a month before I called her." And it was Wendi who first broached the subject of a commitment.

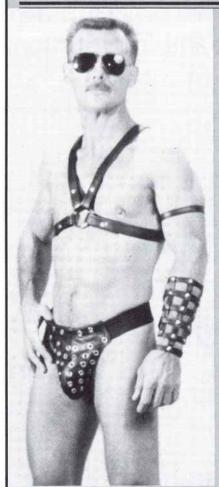

"We were on our third date," recalls Trudi, "and we were out driving in the country and Wendi turned to me and said she could see us spending the rest of our lives together. I had to grab the steering wheel with both hands at that point, and I kept saying, 'Okay, I can handle this.'"

The two dated for eight months before setting up house together, and even then it was only after the two had explored counseling as a couple. According to Trudi, "We knew there was some work we

had to do. Dysfunction is very easy, especially in the gay and lesbian lifestyle. people always do what they're familiar with, and if we're good at dysfunction, we're going to be dysfunctional." That counseling proved to be a godsend for the couple, because now they can step back and look at their behavior in the relationship and not be intimidated by it.

"It's funny," says Wendi, "but during an argument, one of us will just sit back and say, 'God, that was so good. That deserves an Oscar'—you know how we love drama. and we'll laugh about it, whereas we never used to laugh about it—it scared the heck out of us. But we've learned to embrace that part of us that we know was painful." when arguments arise, as they inevitably do, the two are always careful not to assess blame. According to Trudi, "I never realized how important it was to stop and say, 'This is how I feel.' I think it's very important to do that...to tell about you, how you feel. Because if someone feels like they're being blamed for something, it immediately puts them on the defensive."

This attunement to the needs of the relationship appears to be working, because just a few weeks ago, Trudi and Wendi exchanged vows before a minister and dozens of their friends. It was, according to Wendi, "very interesting. It had rained that day, so a lot of our friends didn't show up. The band had cancelled, so we had to get a new band, and then one of them didn't show up because she couldn't find us. And there were ants everywhere." At one point, Trudi stopped the ceremony because she was being attacked by the ants. "Everything that could go wrong, went wrong," she recalls. "We were supposed to pick the wedding cake up on Friday, and then we thought, 'Let's let one of our friends help us, like they're asking us to do.' So I called the bakery and told them that we would pick the cake up on Saturday—that we were sending a friend to do it for us. When our friend got there, they had thrown the cake away because we hadn't picked it up on Friday. So he had to go all over town to try and find another cake."

At the same time the couple was trying to build a relationship, they were also trying to build a business together, Alternative Visions. Just one year old, the company is the state's first all-gay/lesbian video introduction/relationship service. Trudi and Wendi formed Alternative Visions because they knew, from experience,

that it was difficult to find people who were interested in long-term monogamous relationships in the traditional places. But their service is different. Using Wendi's counseling background, attained from North Texas State University, as well as a deep and genuine care and concern for their clients, the company provides a higher level of personal service than you might expect from a "dating" service.

The couple personally screens all applicants, and goes to great pains to match each client with just the right "date." They follow through on each case, even going so far as to act as chaperones if the client is particularly nervous. And when concerns arise, they're there to help. "In our business," Trudi says, "people call us during all hours of the day and night to talk about what may be going on their lives. and we'll spend 45 minutes on the phone with them, listening to issues that might be coming up for them. And we try to teach them to be constructive, not destructiveteach them how to communicate and talk constructively."

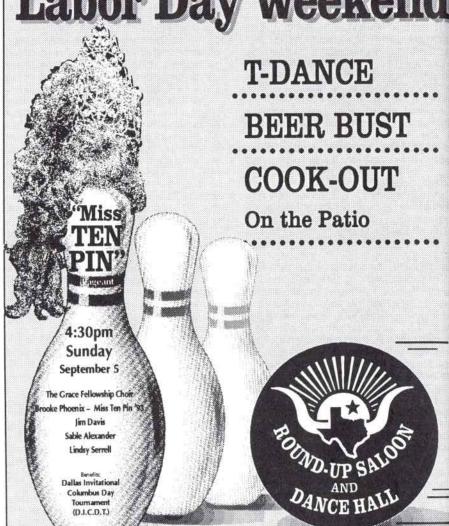

They're committed to safe sex. One of the requirements that must be met to be accepted as a client of Alternative Visions is an HIV test-Trudi or Wendi will even go with you to be tested. "We're not saying that by joining Alternative Visions, you'll stop AIDS, or you won't get AIDS. But you have to get into the habit of being tested regularly."

This concern that the two exhibit for their clients is really just an extension of the loving care they demonstrate in all facets of their lives together-lives that neither one of them envision without each other. "We know our vulnerabilities and we know our strengths and we support that," declares Wendi. "It's a really interesting relationship, and one that I don't think I could live without for the rest of my life."

According to Trudi, "If somebody had told me three years ago that I'd be living with a Yankee and owning a video introduction service, I would've told them they were nuts. But I do think that the gay and lesbian population deserves something better than what we've had. I do think that the gay and lesbian population is capable of having long-term, monogamous relationships. We were put here to love, not kill, not hate, not discriminate. If God can condemn me for loving another person, then let Him condemn me, because what I feel is truly love."

"DIVAs' Benefit Houston AIDS Mastery Workshop

near TWT:

I would like to thank some very special people who helped "DIVAs, Simply synching," a benefit for the AIDS Mastery Workshop, held at Gentry on Sunday, August 22, a great success. I am very grateful to have friends such as Peter Houston and Brittany Paige who helped

pull it all together.

In addition, I would like to thank the cast, which included the fabulous Regina Dane, Paivi, Rochelle Ramone, Black Velvet, Burgundy Woods, Jamie Roberts, Shoog Avery, Miss Why, Shirley Ru-Paulsive and especially those great guys from Miss Camp America Foundation, Lucy Balls their reigning Miss Camp America), Magnolia Hempstead, Teddy Bare-It-All, Victoria Whorewash and T.J. Many of the cast were on the "Benefit Circuit" that night and I am so grateful that they made time to be there for me. The great set was created for me by Una Latrine and Madame Mozelle of Miss Camp America Foundation, and helped make our "viewing" grand.

To Del McGee, thank you for letting the "DIVAs" make their command performances at Gentry. You are always so supportive of all the projects in the community and I am proud that "DIVA's" debutted at Gentry.

In addition, I would like to give special thanks to the Empty Vase for donating the flowers for the show. Afterwards, the arrangements were taken to CASA and Twelve Oaks Hospital to be shared with their staffs for taking care of our many friends with HIV. All of these wonderful people were very generous with their time and talents, and we were able to raise \$538 for an organization that, through nurturing and compassionate means, helps people realize that there is still life after you are infected or affected by HIV.

To the many members of the community, and also those great guys at Miss Camp

America Foundation who came out to support the "DIVAs," thank you for being there and helping make this birthday celebration a memorable one for me. It was nice putting together an evening of entertainment and fun and sharing it with you.

Just when you thought it was safe to go back in the bars, there's "DIVAs, Simply Synching II."

Dallas Businesses Helped Make Six Flags Gay Day

Dear TWT:

The 1993 Board of the Dallas chapter of the Texas Gay Rodeo Association [TGRA] extends its heartfelt gratitude to four businesses who supported us in the ticket sales for our 5th Annual Gay Day at Six Flags, Crossroads Market, Off The Street, Shades of Grey Leather and Curious Times Bookstore have all provided an invaluable service. Any time there is a major charitable event in Dallas, these stores offer their assistance, which usually goes unheralded. We wish to rectify this oversight by thanking the proprietors, management and staff of each establishment. Without their help, we would be fighting an uphill battle to vend tickets in this tough economy.

Gay Day at Six Flags has become a traditional summer occasion in Dallas, yet has never been a big fund-raiser for TGRA. We only made \$2.05 per ticket, having to compete with radio station promotions, soda can discounts, season passes, etc. We have to rely on the conscience of the gay community to purchase from our authorized outlets or members, in order to benefit the AIDS charities and services organizations for which we work all year long.

As we enter our Tenth Anniversary year,

TGRA is proud to announce that statewide we have raised over \$1 million for AIDS charitable concerns. This would not have been possible without the hard work and dedication of members, royalty candidates (Mr., Ms. and Miss TGRA) and the community at large. We tip our cowboy hats to y'all!

Let's rodeo!

Randall Vickers, President Jim Gadient, Vice President Bill Pyeatt, Secretary Bill Barber, Treasurer Tim Midkiff, State Rep. Dallas, TX

They Had Heart

Dear TWT:

On Sunday, August 22 at the Brazos River Bottom, another dream of the Colt 45's became reality just as their dreams for the AIDS Trouble Fund, Stone Soup Pantry Fund, and Till Thacker III General Charities Fund came true. Our heartfelt thanks go to Mr. David Chapman for spearheading this show. Without his great heart and integrity, this show might not have happened. No man more aptly fits the title, "You Gotta Have Heart" than David Chapman. The Colt 45's eternal respect, gratitude and admiration will go out to David for helping to set up this Brotherhood Fund.

Through David Chapman's drive, sincerity and fulfillment of this dream, the Colts will now be able to help their members

through terminal illnesses, as they have helped their clients and their community through the years. The Colt 45's own members can now hope to live their final days with dignity and self-respect. It is out fervent hope that the spark of this new function will ignite a torch that will be picked up to other clubs and organizations in Houston and throughout Texas so that it will warm the lives of their own members.

We further wish to thank Miss TGRA 1994 candidate Chablis Lee Love for her never-tiring work as an Angel of Charity for the Colt 45's who joined David in his venture. Other Angels of Charity would be Miss Camp America Lucy Balls, Miss BRB Brandi Houston, Empress VII Victoria Lust, Miss Bacchus 1993 Paivi Lee Love, Empress II Laura Lee Love, Miss Daly Edwards and the marvelous new talents of Shelby St. John.

Truly, these, and all those involved, have been Angels of Charity without whom \$582 would not have been raised through a most caring, compassionate BRB crowd. Our undying gratitude goes out to all the above for enabling the Colt 45's, after years of charity work, to ignite a fund for their own members.

WEEK OF SEPTEMBER 3 - SEPTEMBER 9, 1993

viRGO: (Aug 24 - Sep 23) The planets signify mat it's an excellent month to reach out to others. You will most certainly achieve your personal goals. There is good karma surrounding you this birthday month and you must put it to good use by advancing your inner agenda. It's also a good month to invest. Money can be made with a little advance planning and decisive action at the right time. Go for it.

LIBRA: (Sep 24 - Oct 23) The planets stay their course this week as friends surround you with good cheer and companionship. You begin to examine how you interact with the world at large. By the end of the month, as the majestic Sun moves into your own sign, you will absolutely shine around others. You'll be tempted to go out of your way to make the best first impression possible, and you will succeed.

SCORPIO: (Oct 24 - Nov 22) The planets give you an opportunity to assess your ability as situations go better than expected in your career. Anticipate some very good news here. Now is the time to rely more on your intuition, and you feel comfortable allowing events to take their course. With a little clever effort, you'll uncover a mystery or find out a carefully concealed secret. Use this information wisely.

SAGITTARIUS: (Nov 23 - Dec 21) What do the planets have in store for you? You find

BY C. LICHTENSTEIN

There is no major planetary movement this week, which gives us the opportunity to examine the month in its entirety. All issues and states of being (good or otherwise) will continue at their current status for at least another seven days. This is a wonderful time to take an overview of life and surroundings. Challenge old assumptions and test the waters—there is time before the tide shifts. Read ahead for a general prognosis for September for each sign.

yourself in center stage in your career, commanding attention and respect-not a bad position to be in, considering your desire to get ahead. Meanwhile, your restless mind has already moved on to more interesting and satisfying avenues-friends and the great social swirl. Good news arrives from afar.

CAPRICORN: (Dec 22 - Jan 20) How do the planets affect your week? Although money is still a problem area, your career is progressing along nicely. Thoughts about how you can climb the ladder of success take up much of your mind this month. Capricorns are tenacious, and you will ultimately succeed in putting all the pieces of the puzzle together to make that ascent. Sexual energies may lead you to true love.

AQUARIUS: (Jan 21 - Feb 18) The planets allow us to review the month ahead. September may be a wonderful time to take a vacation. Traveling to an exotic or active destination will be very lucky indeed. In addition, experiences you'll have on your journey will be put to good use on the job or in a very close relationship. You may even gain insight into what makes you tick.

PISCES: (Feb 19 - Mar 20) The planets give us a breather this week. Your hard work and dedication pay off-enjoy the fruits of your labor. You yearn for companionship or a partner who truly understands you, and an

opportunity is at hand in this area. Open your heart and be prepared for the deluge. Then carefully pick and choose who is truly the best for you and who gives you what you need.

ARIES: (Mar 21 - April 20) Much thought will be given to partnerships this month. You've placed too much emphasis on doing what is expected of you, rather than what feels right to you. This is particularly true of your behavior at work. I'm not sure if this compromise can go on indefinitely—there will be a stress point. I suggest that you now concentrate on making your life more emotionally fulfilled.

TAURUS: (April 21 - May 21) The month starts out all fun and games, but all play and no work will ultimately lead to lots of unfinished business that has to get done. Recognize the times when you can kick up your heels and times when you must roll up your sleeves and get to work. Strive to reach the proper balance, but beware that there are still minefields in your career-keep ever vigilant.

GEMINI: (May 22 - June 21) September can become a time of great social opportunity. you are even more eloquent than usual and can charm just about anyone to your way of thinking. Efforts this month center on seeking romance close to home-in your neighborhood, at your favorite bar. Good luck is also possible through limited gambling and harmless speculation. But don't bet the whole bank account.

CANCER: (June 22 - July 22) This month finds you more practical than usual. You're getting a fairly clear perspective on finances and investing money, and can more easily communicate your newly discovered knowledge in this area. It's an excellent time to make your home more reflective of your good taste and lifestyle. Remember, you are how you live.

LEO: (July 23 - August 23) The planets focus on...you. Try to tear yourself away from that mirror. Your self-image and self-confidence are high, but I suggest you spend a little more time appreciating the wonderfulness of those close to you. Convincingly tell them that you wouldn't be quite as terrific without them. Words of praise, no matter how false, will work wonders and will make you feel even better about yourself, if that's possible.

TEAM DALLAS PEP

Dallas — At their first meeting, August 4, 40 men gathered at the Dallas Gay Alliance Community Center to organize the Team Dallas Cheerleaders and Pep Squad.

According to director Ken Jorns, the Team Dallas Cheerleaders and Pep Squad will make their debut on a large, colorful float during the Alan Ross Texas Freedom Parade on Sunday, September 19. Their next performances will be at several venues for the Team Dallas Sports and Cultural Festival, October 7–11. Following that, they'll strut their stuff Halloween night at the Crossroads.

The group will also take part in several pep rallies during the year, all of which culminate in Unity '94: Gay Games IV & Cultural Festival to be held in New York City June 18–25, 1994. The Dallas squad will march in the Opening and Closing Ceremonies in Shea Stadium before a cheering mass of thousands.

The day after the Games, the group will be part of the million people expected to celebrate the 25th Anniversary of the

BY BOBBY MILLER

Stonewall riots. Participants in the New York Gay Pride Parade will assemble in Greenwich Village where the historic riots began, and march to the United Nations.

Several uniforms are being especially designed for the Dallas group. Qualifications for men and women wishing to join the Team Dallas Cheerleaders and Pep Squad are strength, endurance, coordination and rhythm. Those who try out also should understand that time, practice and dedication will be expected. "Do not audition if you are not sincere and willing to work hard," said Jorns. A monthly newsletter is planned.

The next meeting is Tuesday, September 7 from 8–10 p.m. at the Centrum Sports Club. This meeting is for experienced cheerleaders and those with gymnastic skills. There will also be a practice for the Pride Parade and Sports Festival. Then on September 12 at 5 p.m., a general meeting for everyone interested in being part of the squad for the Games will be held. A practice for the cheerleaders will be held immediately after from 6–8 p.m.

For more information, call Ken at (214) 263-9200.

DALLAS ACTIVISTS PROTEST CONDITIONS AT PARKLAND CLINIC

Hospital Officials Respond with Release of Survey Results Showing Patient Satisfaction.

DALLAS — About 50 people—representing ACT UP and other AIDS advocacy groups, and including some two dozen Parkland patients—assembled in front of Parkland Memorial Hospital on Tuesday last week to protest what they called the "negligence and deliberate inadequacy in treating people living with AIDS" by the staff and administration of the hospital's AIDS Clinic. The protest lasted about an hour.

At issue, according to ACT UP representatives, were conditions that include: waiting lists as long as three months for initial and periodic exams; no walk-in Clinic access; last-minute appointment cancellations without patient notification; rapid turnover of Clinic staff and resulting staff shortages; medication errors; lack of clinical trials; and lack of patient education.

Responding to the charges, Parkland officials issued the results of a survey of patients served by the clinic which showed a relatively high degree of approval of the Clinic's facilities and staff. But protesters at the march all agreed that that wasn't enough.

Members of ACT UP Dallas and other activists protested conditions at Parkland Hospital's AIDS Clinic last week. Photo: Dallas Voice.

Among the demands directed at Parkland officials were the following points:

 That Parkland hire a "compassionate" medical director for the AIDS Clinic—one who, in the words of ACT UP representatives, "doesn't intimidate patients and staff, who invites teamwork rather than tension and who practices patient/physician partnerships;

 that Parkland increase staff and space at the Clinic. According to the same representatives, "Dallas County's AIDS caseload continues to rise and is projected to rise even more":

that Parkland improve pharmacy access and add more clinical trials of promising AIDS drugs;

that Parkland begin a community relations program "by developing Primary Care programs for HIV and AIDS patients in Community Clinics; accept volunteer help from HIV specialists, community physicians and community members; meet with AIDS advocates to problemsolve as a team; and facilitate patient/physician informational forums";

• and that Parkland appropriately utilize available funding. According to ACT UP representatives, "Parkland AIDS Clinic's underexpenditures are jeopardizing its Ryan White funding, according to a review of Dallas' 1993–94 Supplemental Grant Application by the Health Resources and Service Administration."

Parkland officials discussed ACT UP's claims during their monthly board meeting, which was held during the protest. No direct response was provided, other than the results of the patient survey.

Houston Mayor, Wife to Chair AIDS Fund-Raiser

Fifth 'From All Walks of Life' Scheduled for November 6.

HOUSTON — AIDS Foundation Houston has announced that Houston Mayor Bob Lanier and his wife Elyse have agreed to serve as chairpersons for this year's "From All Walks of Life." This marks the second year that the city's first couple have chaired the walkathon, the primary fund-raising event for AIDS Foundation Houston.

An estimated 1,500 walkers, skaters and joggers took part in last year's event, bringing in around \$160,000. AFH executive director Joyce Yost said the Foundation has set a conservative goal for this year's event of matching the 1992 total, but with hopes of doing better.

"There's been a downturn in giving:

United Way, for instance, has seen a decrease in donations. Our own supporters have been very generous, and we haven't noticed a slump in our donations. But we thought it best not to set a goal much higher than last year's results."

As in the past, AFH has asked prominent Houstonians to help increase awareness of and interest in "From All Walks of Life" by serving as "ambassadors" to different segments of the community. HIV physician and researcher Dr. Adan Rios has accepted the position of ambassador to Houston's medical community. Other ambassadors will be named soon.

Dr. Rios also kicked in \$10,000 to the walk effort, earning him the designation of Benefactor. In addition, HMSS, a division of Secomerica, has donated \$5,000 and company officials challenged others in the community to support "From All Walks of Life."

"From All Walks of Life" will be held on Sunday, November 7. Unlike last year, this year's walk will begin much earlier, at 8 a.m.

Volunteers are needed to help with planning and implementation of this year's walk. For more information, call Tina Rossi at (713)626-WALK.

'BUDDY' PROGRAM AT DALLAS' OLCS UNDERGOING CHANGE

New Training to Include Cultural Sensitivity Issues.

DALLAS — Ten years ago, volunteers entrenched in the battle against AIDS witnessed a unique phenomenon. Individuals challenged by the disease were literally being abandoned by their families, friends and neighbors who were deathly afraid of the new illness, leaving them without emotional, physical and, often, financial support.

In an effort to counteract this trend, these volunteers created a program, called the Buddy Project, which matched concerned individuals with persons diagnosed with symptomatic HIV infection to help them maintain a sense of control in their lives. They found that this pairing contributed significantly to the client's self-

esteem and quality of life.

Now, after a decade of service and the successful matching of hundreds of clients with trained volunteers, the Buddy Project—which is an outreach program of the Marketing Department of Oak Lawn Community Services—is undergoing some changes. According to Delia Loe, Volunteer Development Coordinator at OLCS, "Because the demographics of those infected and affected are drastically changing from day to day, the Buddy Project will now address a number of different issues to better prepare volunteers, friends

ing with AIDS.

"The new training will cover issues on cultural sensitivity, addiction issues—including sex, alcohol and chemical—and the basics of AIDS training. Education updates will be every month, with the exception of December. The updates will address current health care issues. legal

and family who are assisting persons liv-

issues, alternative therapies, and spirituality, as well as communication skills and case management assistance."

"Prior to the changes, the Buddy Project alternated Buddy Training and General Buddy meetings to provide education to our volunteers. I expect the new training and updates to provide ongoing technical support for those in the trenches. We are attracting new volunteers as the disease affects different communities. OLCS has always been at the forefront of provided services to others outside the gay and lesbian community."

The new Volunteer Orientation—which includes "AIDS 101" and "Psychosocial Issues" and forms, in Loe's words, "the building blocks of information all volunteers need when working with this agency"—is mandatory for all volunteers.

The next Volunteer Orientation is scheduled for Saturday, September 17, while the Buddy Training—which provides additional information pertinent to the role of a Buddy—will be held the next day, Sunday, September 18. Both programs are free to volunteers, and will be held at the OLCS offices at 3434 Fairmount in Dallas. For more information, contact Dilia Loe or Jennifer St. Laurent at (214)520-8108.

2ND CONFERENCE ON TRANSGENDER LEGAL, EMPLOYMENT POLICY HELD IN HOUSTON

Attendance Up Sharply Over Last Year's Gathering.

HOUSTON — Increased attendance and a higher energy level marked the Second International Conference on Transgender Law & Employment Policy, held August 26–29 at the Hilton Southwest Hotel. The annual meeting, founded by Houston attorney and activist Phyllis Randolph Frye, is designed to explore legal and employment policies and how they affect the transgendered community, and to develop strategies for change.

Transgendered persons are defined to include cross-dressers as well as preoperative, non-operative and post-operative transsexuals of any sexual orientation and all backgrounds.

Workshops were conducted the first two days of the conference on a range of

Houston attorney and activist **Phyllis Frye**, founder of Conference on Transgender Law and Employment Policy, said energy level was higher at this year's gathering.

legal and employment issues as they affect transgendered persons, including health, the military, imprisonment, family, personal identification and others. On Saturday, workshop moderators reported on the findings of their committees.

Houstonians were prominent among those conducting workshops. Longtime prisoner rights and gay activist Ray Hill led the panel on imprisonment law. His committee proposed a list of guidelines law enforcement agencies should follow when taking transgendered persons into custody.

Attorney Keith Stewart, moderator of the workshop on intervention law, called on the transgenderal community to take an active part in screening judicial candidates. Local attorneys Connie Moore and James R. Kuhn conducted workshops on family law and insurance.

One development at this year's ICTLEP was the presentation of a proposed "International Bill of Gender Rights" by Sharon Ann Stuart, chair of the conference's Military Law Project. Stuart said her committee would continue to update the bill as needed and has begun assembling evidence to support the document.

Other projects included plans to update research on laws and regulations governing change of name and of sex, and to educate lawmakers on the desirability of including gender identification in future civil rights legislation.

Attendance at this year's ICTLEP was up 30% over last year's gathering, with double the attendance at many of the workshops. Frye said she was impressed with the greater energy and sense of par-

ticipation at this year's gathering.

"I think the word is getting out, and this is an idea whose time has come." Frye added that she thought the energy generated by the March on Washington in April had carried over to the Conference.

The proceedings of the second annual ICTLEP will be available for purchase in written or video form. For more information, contact Phyllis Frye at 5707 Firenza, Houston, TX 77035-5515.

Regional meetings on transgender issues are scheduled for November in Silver Spring, Maryland; February, 1994 in San Antonio; and in March in Portland, Oregon. The third annual ICTLEP to be held August 18–21, 1994 in Houston, again at the Hilton Southwest.

AIDS SERVICES OF AUSTIN GETS GRANTS FOR FOOD BANK, PAUL KIRBY FUND

Donations by Broadway Cares, LCRA Charity Total \$5,500.

AUSTIN — AIDS Services of Austin, which provides assistance to hundreds of people with HIV in the Austin area, recently received large donations that will be used to help finance the organization's food bank and Paul Kirby Fund.

Broadway Cares/Equity Fights AIDS, an entertainment industry fund-raising and service organization based in New York, has awarded ASA \$5,000 to be used for the agency's Food Bank. ASA officials said the Food Bank provides food to over 750 people with AIDS each month. Broadway Cares/Equity Fights AIDS has raised and distributed over \$5,600,000 since October, 1987 to organizations providing direct assistance to people with AIDS.

In addition, the United Charities Committee of the Lower Colorado River Authority [LCRA] awarded \$500 to ASA for the agency's Paul Kirby Fund, which provides temporary emergency financial assistance to people with AIDS. The LCRA Employees United Charities was founded by the employees of LCRA to provide assistance to nonprofit organizations. Donations are made monthly through employee payroll deductions. Organizations must apply for assistance from LCRA.

For many years, the Unicorn reigned supreme as the premier women's bar in the Metroplex. For those of you who can't remember, it was located where Uncle Julio's is now on Lemmon Avenue, and was managed by the one and only Kathy Jack, she of Sue Ellen's fame. Kathy staged a reunion at Sue Ellen's recently, and it resembled a family reunion, with familiar faces from the Unicorn and new faces that have heard the fab stories about the legendary club. Two of those faces belonged to the delightful and demure Robin Stephens and Christy O'Brien [above, c & r], who are pictured with the divine Ms. J [1]. Be at the club next Wednesday for 'Talkin' 'Bout A Revolution," the official opening of the Major Artery collection....

Next door, at Village Station, Friday nights continue to be all the rave with members of the dance hall set, and we think we know the reason. Fridays, you see, are the nights Whitney Paige presents the enormous talents of the Muscles in Action troupe of

danceurs de dique, one of whom is pictured in the CRUISE CAMERA photo above. His name is Ron Fury, and his game is inspiring the assembled crowds to new levels of libidinous bliss. We were inspired....

Did you know that the Dallas LifeWalk Team Captain's Training Conference will be held next Thursday, September 9, at the Loews Anatole Hotel? Or that the incomparable Jerry Florence will be the guest performer following the training session? Or that Jerry was the music consultant for Louise Hay, the world-renowned metaphysician who's done so much for the AIDS community in America? Well, you do now....

Just down Throckmorton at the Brick, Eddie Christie is taking his new assistant manager duties quite seriously, creating club promotions and attracting manly men to the Maple Avenue hot spot. Eddie's pictured [above, c] with just a few of those manly types, Don Riggs, David Selinas, Ian Gurnhill, Ron K. and Terry Miller. Eddie is also the one who'll be welcoming Mount-N-Men, the three ultra-erotic examples of male

pulchritude who will be presenting their ohso-stimulating and action-packed fantasies on stage later this month....

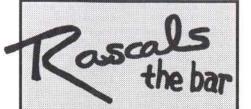

Across the asphalt at the Wave, we had long wondered why Warehouse bartender Michael Thompson was sporting that color-coordinated sling on the arm. At first, we thought it was one of the toys he brought from home each night. Then we thought it was because he had sprained his arm toting the club's \$8 Island Madness party pails. But

now we realize it's from a rather severe case of Cuervoitis, as evidenced by the CRUISE CAMERA photo [above], in which he graciously assisted both ID-checker Laurie Pomara and mixologist Betty Neal in their libation endeavors. If men in loincloths are to your liking, then you'll want to be at the club tomorrow night for Saturave's Tribal Evolution party, a celebration of all things tropical. Party planner Steve Reid promises tiki torches and a few shirtless gods of note.

If you were wondering what the enormous crowd packing the dance floor for C&W dance lessons at the Round-Up Saloon on the recent Sunday was, let us be the first to tell you that it was not, contrary to tongue-waggers' speculations, the admirers of Jeremy Morrison's Malibu-inspired Dwight Matthews' clothing line. It was, rather, virtually the entire congregation of Cathedral of Hope, who had stopped by the Cedar Springs boot-scoot palace for a little post-worship barbecue and bemusement....

Guess what! The fabulous Bear Buns contest that's such a popular fixture at Throckmorton Mining Company has now gone weekly. Thanks to the powers that be, you can now see the maximum in gluteus each and every Sunday night. Emcee for the baring is the irrepressible Heda Quote, who delights in presenting her loyal following with something they can really sink their teeth into....

Over at Crews Inn, you'd have thought you were at Mount Olympus last week, thanks to the appearance of the one and only Apollo [above], who descended from his lofty heights to display his incredible powers for the assembled mortals. We were not aware that those powers were contained in one magic wand....

Speaking of powers, we understand that both Michael Pace and Billy Camillone have had a hand in the selection process for the penile projectionists slated to take center stage at Zippers during the Labor Day weekend. Based on personal experience, we can think of no better screening committee for this very arduous task....

Back on the Springs, we have it from very reliable sources that Kathy Corbin's recent birthday celebration at JR's was one that will not soon be forgotten. It seems the gorgeous Ms. Corbin was so overjoyed by the milestone that she lost all track of time and space, dancing into the wee hours on a makeshift dance floor. Patrick Cambridge, Eric Kenner, Roman Gabriel and Bryon Schulman [above, I-r]—in addition to a stunt double from *The Addams Family*—were all impressed by Kathy's revolutionary moves,

and you'll be impressed by the revolutionary artwork of the Major Artery collection, which has its official opening at the club next Wednesday night. Rumor has it there'll be a surprise birthday celebrity hostess on hand, fresh from her Singapore Airlines flight from the Orient....

Meanwhile, at Damewood'z, we had been led to believe that something really hot was going on at the club on Fridays and Saturdays, so of course we moseyed over to see what all the excitement was. Upon entering the club, we noticed two extremely handsome and friendly young men performing what appeared to be acts of connubial bliss atop the bar, which, as you know, is all the rage on the Coast. Upon closer inspection, and we do mean closer, we noticed that the act was simulated, but just try to convince the rather large crowd that had assembled of that fact. Suffice it to say that the grins on the faces of the club's doorman, Terry Fisher, and bartender, Catrice Carreras [above, I-r], were pretty representative of the crowd's overall opinion....

And, finally, we understand that the Cove's answer to Hurricane Emily, Stormy Knightz, is currently single and very definitely available. We have the distinct feeling that if the tempestuous Ms. Knightz would stop taking so many classes at El Centro—particularly that scarf-tying one—she might have more time to devote to love.

HOUSTON HOTTEA — Here's what's going on this week in houston from Bayou City hot tea....

The gang at Heaven is celebrating more than Labor Day this weekend—it's the club's anniversary. In honor of this special occasion, they're throwing a Neon Party this Sunday that's sure to light up the night. In addition to sexy Men of South Beach

dancers like former TWT cover man Tony Fontenot [above], special guest for the evening is none other than the biggest name in adult video, Ryan Idol. There's nothing we like better than a little "Idol worship." See you there....

To make sure the summer of '93 goes out with a bang, JR's is planning a fabulous Labor Day blowout. This Monday's holiday celebration is complete with a special appearance by the incredibly hip, openly lesbian, all-girl band Fem 2 Fem at 10:30 p.m. and a special Best Buns strip contest hosted by Lindsy Love at 11 p.m. Don't miss any of the excitement....

The August Bear of the Month contest at the Montrose Mining Company produced a bevy of burly and hairy hunks. The winner's circle included [above, I-r] Randy Garfinkel and Paul Adair, who tied for first runner-up, emcee Brian Keever, contest sponsor Lee Baber and Bear of the Month Kevin Watson. The Mine's Labor Day Party is highlighted by two incredible beer busts on Sunday and Monday. New on Tuesday: Deejay John Sims spins your favorite country music while Cowboys In Action dancers show you how wild the West can be....

The "Divas: Simply Synching" show at Gentry raised \$568 for the AIDS Mastery Workshop. The entertainment lineup included [back, I-r] emcee Brittany Paige, hostess and birthday girl Faye Raye, Burgandy Woods, Peter Houston, [front, I-r] Teddy Bare-it-all, Magnolia Hempstead and Regina Dane. This Sunday, the Imperial Court hosts a day full of fun with "Back To The Chicken Ranch," benefiting the Colt 45's Stone Soup Fund. The Cream-A-Friend Pie Toss begins at 5 p.m. while the Chicken Ranch Revue hits the stage at 9 p.m. In between the madness, barbecued chicken (Miss Mona's way) and chicken delight dancers will satisfy all your hungers....

Although the third annual Soiree Aubergine is not scheduled to take place until next February, event organizers have received a contribution that puts them well on their way towards topping this year's total of \$25,600. Through Soiree Aubergine, the Bering Care Center will receive proceeds from the sale of an 1885 oil painting by Phillipe Coulange. The piece, donated by James Kinser, has been appraised at \$6,000-\$8,000. A finalized sale is anticipated prior to the 1994 fund-raising drive....

Rich's recent Human Rights Campaign Fund benefit show was a stupendous success. Headliner Jimmy James [above, c] is surrounded by HRCF representatives and

other performers including Nancy Ford, Bubba McNeely and the gorgeous Miss-we mean Mr.-Thom Collins. The club's Splashguard '93 weekend kicks off tonight with a Wet-N-Wild underwear party starring erotic video star and singer David Burrill and culminates with "Classic Tea from the Sea" featuring the famous Rich's lifeguards Captain Pink and the High Seas and lots of beautiful boys. While you're there, check out Damion Sondergaard's new art installation. It's incredible....

Speaking of Mr. Sondergaard, he and the gang at The Club (formerly Club Body Center) are planning a huge Splash Bash this Saturday and Sunday, with free barbecue and refreshments. On Labor Day Monday, there's a Pool Party beginning at 1 p.m. Let's get wet....

Tomorrow night, the guys at Pacific Street invite you to show them and Cuir Magazine photographer Luke Owens what you've got at their Cuir Next Door Party. During the club's Sunday Monster T-Dance, Jeff Roberts [above, I-r] and Adrian Bizcarra [r] keep the joint jumpin' with one of the hottest light and sound displays around. On Monday, check out Clubbers Night and the infamous Shootarita Special....

Leather by Boots' new bigger and better location on Montrose is sensational. Stop by and check out their expanded selection of fine leather clothing. Their new line of Schott jackets and vests would make excellent gifts. The holidays aren't that far away....

This Sunday, September 5, Cousin's presents a special Labor Day show at 10:30 p.m. Miss Zack hosts a cast of oldies but goodies starring Michael Smothers, Misty

Morn, Diana Wright and Ron Sioux, Don't forget about the club's new Talent Search on Wednesdays and Male Strip Contest on Thursdays....

The BriarPatch's version of "Robin Hood: Men in Tights" brought out a clever crowd of spandex-clad partiers. The contestants for "best tight man" [above] were exceptionally daring. Watch for more unique theme parties coming soon. The BP offers live cabaret entertainment every night of the week for your listening and sing-along enjoyment....

On the subject of singing, the Gay Men's Chorus of Houston is seeking new members who reflect the cultural diversity of the gay community. Rehearsals begin next Thursday, September 9 at 7 p.m. at 811 Westheimer, 2nd floor. No previous choral experience is required, but you must be able to carry a tune. For more information, call (713) 522-7626 or 984-9683....

David Chapman's "You Gotta Have Heart" benefit show for the newly established Colt 45's Brotherhood Fund raised \$583. On hand for the event [above, I-rl were Colt 45's president Walter Carter, candidate for Miss TGRA 1994 Chablis Lee Love, Mr. TGRA 1988 David Chapman and BRB owner Bill Havard. This weekend, make a "Splash on the Brazos." They're having exotic drink specials all weekend and two special shows on Sunday. On Monday, there's a fish fry at 3 p.m. and happy hour all day long....

The annual Miss Camp America Pageant is set for Saturday, September 18 at the Cullen Performance Hall on the U of H campus. Cast members [above] are hard at work on this year's silver anniversary show, which benefits the Assistance Fund, Body Positive and the Colt 45's. For ticket information, call (713)520-STAR....

The Lazy J presents two super shows this weekend. Tomorrow night, Miss T.T. hosts B.J. Williams and lots of special guests. On Sunday, Peaches and Miss T.T. present a Labor Day Revue at 7 p.m. The club's Talent Night returns on Friday, September 17. There's always something going on at the Lazy J

When it's late and you're not ready to go home, Trade is waiting for you. While working up a sweat, we found doorperson Phyllis [above, 1] and bartender Adam Osani [r] serving your late night needs. The ultimate weekend experience is at Trade.

TEA BY THE SEA - Here's what's going on THIS WEEK IN GALVESTON from Island City HOT TEA....

There's some hot fun going on down on Galveston Island this weekend. The Kon Tiki presents Labor Day Super Shows tonight, tomorrow and Sunday starring Taylor Kennedy, LaWanda Jackson, Black Velvet and the ever popular Muscles in Action dancers. There's hot men, hot music and, like we said, hot holiday fun at the Kon Tiki.

He attended local schools (St. John's, T.H. Rogers) and graduated from Lamar High School in 1969. He attended Southwestern University (1969-1971), where he pledged Phi Delta Theta. He transferred to and graduated with a BBA from the University of Texas in 1973. He studied Russian in the Soviet Union (Moscow and Leningrad) in the summer of 1972. He was a member and deacon at River Oaks Baptist Church. He traveled widely and fived a full and wonderful life. He has left us having experienced many blessings, having blessed scores of others, and having no regrets. He participated in many experimental drug protocols, hoping to expand our knowledge of and fight against this horrible disease. He expressed great appreciation for his doctors, Gordon Crofoot, Adan Rios, Fred Usserv and their caring medical staff members. Also to the staff of the AIDS floor at Twelve Oaks Hospital. He was preceded in death by his sister, Carla Weaver. He is survived by his parents, Cames and Loraine Weaver, his sister, Lisa L. Mark left behind a lot of good friends, including Tim Campbell, Wendall and Joey—The Sisters. We love you, Mark, and we will reunite again one day. Mardi Gras will never be the same without you and Mike. Our seven years of spending Mardi Gras, Thanksgiving and Halloween together are gone. The only thing left is my wonderful memories.

Mark was buried in St. Bernard Memorial in Chalmette, Louisiana, outside of New Orleans. 'Til we meet again.

I love you always, my dear sweet friend

Jeffrey Alan Fulcher (above) August 15, 1963 - August 9, 1993

Jeffrey, a wonderful young man with a heart of gold, is sorely missed by his best friend Dale, and by Brittany and all of us who love you in Oak Lawn. We grieve over the way you were brutally gunned down. I'm so glad your family loved you enough to take you home to Tennessee.

Jeffrey, our Lord Jesus blessed my life with your presence and love and your belief in Him. I celebrate knowing you and I'm looking forward to seeing you when I get home.

I love you, Dale

Roger Masters (above)

Roger Masters departed us on July 29, 1993 due to AIDS-related causes. He was a native of Perkins, Nebraska and is survived by his mother, Katherine Masters; his sister, Sherry Ortega; and his lifemate, Russell Wheeler, as well as many friends in Dallas and Waxahachie. Roger served in the military during his twenties and worked for himself as a plumber and home remodeler most recently. He grew to love antiques and Pomeranians in his 42 years, and was always there for his friends in their times of need.

We love and miss you, Roger!

Gayland C. Rediken (above) July 8, 1940 - August 20, 1993

"In life when there is an end, we all start a new beginning."

Gayland peacefully went to sleep on Friday, August 20 at 10:45 p.m. despite the efforts of the doctors and staff, especially Cathy, on the Nine West wing of Parkland Memorial Hospital. Their compassionate care to preserve his life has been a consolation to his many friends who were also there to assist on a daily basis. His absent family expresses their gratitude to those dedicated Parkland individuals who made his final days easier.

Gayland was born in Derbline, Quebec, Canada and is survived by his father, Clifford; brothers Dale of Canada and Jim of Kerrville; sister Joyce and husband, Joe Crossland of Phoenix, Arizona; many nieces and nephews; and his dear lifemate, Tom Carter. He was preceded in death by his beloved mother. Vedda, and brother, Tom.

His caring and concern for AIDS patients began with Eleanor Munger as he volunteered his time at the Omega House in Houston. Gayland was a dependable and loving volunteer in the early days of the Parkland Hospital AIDS Clinic and at the Daire Center, when he prepared and served a typical Canadian Thanksgiving dinner for his friends on one ocasion. His most outstanding volunteer service was to individual homebound patients who needed hands-on care on a daily basis as he shared the responsibilities of care with his close and dear friend, Jan Barton. The word "no" was not in his

vocabulary when a need was known to Gayland. Gayland is also survived by dear friends Rick Depriest, Jan Barton, Jimmie Williams, John Osborne, Rena Rediker, Edna Rediker and his faithful canine companion, Heidi.

Gayland was a member of White Rock Community Church of Dallas and was active in their AIDS ministry. He requested that memorial donations, however large or small, be made to White Rock AIDS Ministry.

Memorial services were held at White Rock Community Church on Saturday, August 28, led by Pastor Jerry Cook.
