LETTERS

Dear G.W.:

I am writing to you on behalf of the Sixty Nine Club, London, to offer expressions of friendship and brotherhood to the American clubs that you represent in your magazine and to extend an offer of welcome to any of your clubs who would like to visit us when they come to London.

I must take this opportunity to complement you on the layout and graphics of your magazine, it is certainly the best I have seen to date.

Alistair W.

Gentlemen:

Thank you for the complimentary copy of Issue No. 10 I learned about in BG's Wrestling News. Note that despite BG's disparaging remark about the writing style, I loved it and shall subscribe. Also, I learned more about AIDS in your editorial than up to now.

Allen T.

Dear Brothers:

Thank you very much for the latest issue of **Club Scene**. It is very rewarding to know that a magazine is being published to inform the clubs of runs and various activities which are happening in the club scene.

We, the Guardians MC of New Haven, Connecticut, wish you continued success in your endeavor to bring the club scene closer together in brotherhood.

Howard S.

Gentlemen:

The Satyrs MC has been receiving your magazine for some time now and we have enjoyed each issue. We are sorry we have not contacted you earlier; however, we feel the recent announcement of your affiliation with the Mid-America Conference of Clubs afforded us the opportunity to congratulate you for being selected as the official magazine of the conference and to right the wrong of not communicating earlier at the same time.

Congratulations.

Larry R.

Dear Club Brothers:

On behalf of the Conductors L/L of Nashville, Tennessee, we wish **Club Scene** a very happy 2nd Anniversary, and the very best with your magazine through the years ahead. Love and brotherhood be with you always.

Al K.

Dear Club Scene:

After discussing the "Best & Worst Clubs and Club Functions of 1983" at our Club's monthly meeting, we will enclose with this letter a partially completed survey. We have only done a portion of the survey due to personal feelings our Club has toward the negative aspects of the questionnaire.

We completed the "best" categories because—as all clubs feel—we feel we are the best in everything we do. However, we cannot, nor do we wish to, sit in judgment of other clubs or their functions. We feel this would only create animosity once the "worst" might be published. The "worst" is something that is only appreciated privately among ourselves.

Club Scene represents the best the biking and L/L scene has to offer and will probably always continue to do so. The Saber MC members look forward to each issue, and we like to feel we are supportive of your magazine. However, though we are sure your intent is not negative, we feel it may turn out as such.

Steven I. Selwyn

Club Scene:

Satire is fine, but in keeping with brotherhood there is never a worst. Please reconsider.

Cincinnati Chaps

Responding to feedback we have received on the planned feature *The Best and Worst Of*, we apologize to all. But, only for the misunderstanding of our efforts at satire.

We did not intend to judge any club or club function. Since we are all club brothers in our eyes there are no best or worst. Is it not true we have all been both successful and at times less successful, or in other words—bombed?

We would really like to try this again, keeping it in the proper perspective and learning to laugh at ourselves lest we become too solemn a judge.

By the way, we figured that the tip-off to satire was the question: Who do you consider the least supportive nonclub member? Answer: Ronald Reagan, because he doesn't do shit for the clubs.

Gentlemen:

This is written to have the announcement of the Border Rider MC 14th Anniversary published in **Club Scene**.

The Border Rider MC is so called because it has members in Canada and from that border all the way down the West Coast to the Mexico border. There are no chapters, each man is a member of the same organization. Each must own and regularly operate a

motorcycle capable of touring with full campin gear (including friend or boy) aboard.

Each month we share **Club Scene** at our regular meeting and enjoy the articles and information we find there.

Every year our anniversary is in a different city, organized by the members who live there. This year it is in Vancouver, British Columbia. We would like other men to have the chance to join us, particularly if they are interested in biking.

Please publish an announcement that February 17, 18 and 19 the Border Rider MC will be having its 14th Anniversary in Vancouver, British Columbia. Our home bar in that city is John Barley's. Men can register for the weekend at the bar Friday evening February 17, 1984, or they can write for further information from: Border Rider MC, P.O. Box 21152, Seattle, Washington 98111 or they may call Portland, Oregon at 503-223-8475.

Thank you in advance for your help with this and thank you for your magazine each month.

The Third Anniversary Celebration of the Florida Brotherhood of Clubs is scheduled for February 10-12, 1984, with the annual meeting on February 11, 1984.

ALBUQUERQUE

Hijos del Sol Balloon Run VI

I don't really know how many people were attending the Hijos del Sol's Balloon Run VI, but I'm told that the tally was something like five people per square yard.

October 7 through 9 turned out to be a huge success beginning at the Albuquerque Social Club and the Foxes Bar, both being packed with hot men from all over the country to celebrate 200 years of ballooning (ballooning?).

Attending were Rocky Mountaineers MC, the City Bikers, the Sons of Apollo, and Tucson Knight Owls, who all partied till dawn while Denver's Mile High Square and the Country Cloggers do-si-doed through the weekend with Albuquerque's own Square Dancers, the Wilde Bunch. Also attending were a contingent from the Colorado Gay Rodeo Association.

Levi, Leather, Cowboy and Uniform were all in attendance and all had a great time. Do it again, gentlemen.

ATLANTA

Atlantis MC

Atlantis MC is alive and well in old "Dixie!" We have heard from many club brothers around the nation that they can never find out what is happening in Atlanta. We treat people royally when they come to town, but we don't seem to communicate well enough to let everyone know what we have to offer. That situation will be remedied as of now.

Plans are currently under way for the annual Christmas progressive dinner and the club's 12th Anniversary banquet in January.

Atlantis MC hosts a bar night on the third Thursday of each month in a specially designated Atlanta bar from 9:00 to 11:00 p.m. These bar nights have been well supported by our brother clubs, the Leathermen-Atlanta, the Saddletramps and the Georgia Brigade of the American Uniform Association, as well as by a large number of faithful GDIs.

Club brothers visiting Atlanta are always welcome and are invited to notify Atlantis MC members in advance of their arrival, if possible, or if not, to contact members upon arrival and identify themselves wherever they see anyone wearing Atlantis MC colors.

Regular club meetings are held on the first Sunday of each month at members homes at 7:30 p.m. Guests are welcome.

CLEVELAND

Cleveland Happenings

Cleveland is returning to normal (whatever that is) after the Stallions 11th Autumn Stampede. There were many hot men in from all over the U.S. and Canada. The furthest participant came from San Diego, California and Mr. Autumn Stampede was won by Dave (Thumper) of Toronto, Ontario for the second year in a row. Special awards went to Ozzie (Ninth Street Baths, look out San Francisco he just moved into your area) and Rick of the North Coast Knights. Club participation went to Cleveland's North Coast Knights. The next function of the Stallions is their annual Christmas Party where they treat themselves to a very spirited evening. They have a gift exchange, if you bring a gift you get someone else's. Lots of fun and interesting toys change hands. Speaking of Christmas parties, Excalibur is having theirs December 17, and it is open to all leather/levi club members. It will be upstairs at Man's World.

Bill Yonke, one of the owners of Man's World, said the first Saturday in December there is a bar night for Crucible MC (Pittsburgh, Pennsylvania), then the second Saturday Tower City Corps (Cleveland, Ohio) has a bar night called Brothers Working Together with all the proceeds going to the Gay Rewards; rewards for information leading to the conviction of alleged gay killers. Then they will end the year with a party called Stroke 12 and '84 Gum. The first weekend of the year will be the Sons of Pegasus bar night, then on January 14, the Cincinnati Chaps, always a fun group.

November 12, the North Coast Knights had their 2nd Annual Toy Party. Even better than last year, my congratulations to the North Coast Knights and Ted, Eric and Linus (6th St. Book Store). It was a pleasure seeing so many men in leather, then watch to see the type of toys they bought. Strange, but now some of these men seem a little more interesting.

CORPUS CHRISTI

Corpus Christi MC

Corpus Christi MC members are preparing for their annual December fund raiser for charity and the election of new officers in February. The October meeting saw the welcoming of new pledges Jerry O. and Jack G. into the CCMC ranks. Most of the club activity has been centered around other runs around the southwest.

Plans to celebrate the second anniversary of the CCMC on February 11 are now being made. Members plan a small anniversary dinner with a few guests. Members of other clubs are encouraged to contact CCMC, P.O. Box 3532, Corpus Christ, Texas 78404, if they wish to attend.

DALLAS

Dallas Motorcycle Club

The Dallas Motorcycle Club will celebrate its 8th Anniversary January 13 to January 15, 1984. Registration will start at the Hidden Door Thursday night. The fee is \$35 until January 8, \$45 after. This club anniversary is always one of the largest in the State of Texas. This year the Houston clubs will honor Dallas with a special show Saturday, January 14, at the Hideout. The show will start at 11:00 p.m. and all the proceeds go to the T.C.C. Land Fund. Come and tip big. We need the money.

Pegasus

The Texas Motorcycle Club would like to announce they are no longer associated with any Armadillo function.

They are pleased to announce that Labor Day Weekend 1984, the Texas Motorcycle Club and the Branding Iron will offer you Pegasus, a mixed run for bikers and nonbikers.

More information will be released as time goes by, so keep the weekend open.

Colorado Representative

Club Scene is proud to announce the addition of Miski of the Rocky Mountaineers MC to our staff as representative for the Colorado Gay Rodeo.

With this addition to our fine staff, we look forward to staying totally abreast of what is happening in the CGRA and bring to our readers the most current news in the Cowboy and Rodeo world.

Any information about the CGRA you may have can be given to Miski by calling her at 303-987-2067.

Thank you, Miski, and we are all looking forward to hearing from you.

Rocky Mountaineers MC

What can one say about 4 nonstop days of partying? The club went all out this year to make a mile high, milestone of an anniversary, 15 years of brotherhood.

We started the weekend on Thursday night, with the club hosting Club Night at the Tool Box. Alabama Slammers were the

drink of the evening. For a Thursday night the place was almost packed.

Friday, the out-of-towners started arriving, and Friday night the Top Hands Cocktail Party, at the home of Bob Engels, honorary member, turned out to be the biggest ever held. Also, during the evening was the pre-

mier of the movies taken during GFR XII (thanks to Loen Groves). And, over \$200 was received for the club's Get Well fund.

Saturday, over 48 members and guests journeyed up to Hanson's Lodge in Idaho Springs for the anniversary dinner. The evening began with a dip in the Idaho Springs Hot Springs, which was quite cruisy (nudity was required). We then celebrated with before dinner cocktails in the hospitality suite, which became quite festive. The candlelight dinner was absolutely delicious, as

we had the entire lodge for ourselves. The Christmas card picture of the members was taken in front of the massive stone fireplace. During the announcements portion of the dinner, Becky from the Colt 45's in Houston read three letters; one from the Colt 45's; one from the Mustangs, and one from **Club Scene**. Later, the members partied into the wee hours (at times reciting ghost stories due to the fact that the lodge has a poltergeist in residence).

After a leisurely breakfast, we journeyed back to Denver and hosted the anniversary Beer Bust at the Triangle-Denver. What was referred to as an "epic cake" was created by Walt Morris, whose 6 ft. by 3 ft. cake was decorated with six motorcycles, eight sugar trees, "S" highway leading to GFR site, a gingerbread outhouse and a pond complete with ducks. It was truly a sight to behold. The champagne flowed freely, and the balloon drop provided a variety of door prizes. The club made over \$700 on the beer bust.

All in all, it was quite a weekend.

DETROIT

Do A Fool XIII

The Tribe MC Do A Fool XIII will be held on March 30, 31 and April 1, 1984. This year's show will be The King and I which has been completely rewritten to fit the leather club scene. The Tribe members have already been cast for the parts and rehearsals have begun.

The Tribe is one of the few clubs who sing all the parts to the entire show live. If you want to join the club for their very successful run, contact them at Tribe MC, P.O. Box 32798, Detroit, Michigan 48232.

The Renaissance Men recently hung their colors in the Interchange Saloon. A predominantly leather crowd of supporters cheered the occasion. After a brief ceremony, everyone celebrated with the usual champagne and beer fest. They joined the Baccus of Detroit and Tribe MC in making

the IC their home bar. The Renaissance Men's address is: P.O. Box 1001 Trolley Station, Detroit, Michigan 48231.

Let Us Entertain You Weekend

Houston Council of Clubs' Let Us Entertain You Weekend has been set for March 8, 9, 10 and 11, 1984. This weekend, started a number of years ago by the Texas Riders, is designed to keep the fun and frolic of Mardi Gras going one more weekend. The final plans for the event will be released very shortly.

LOS ANGELES**Winter Time—Los Angeles**

The closing ceremonies at "Badger Flats" run not only signifies the end of another great run, but also the packing away of summer in Los Angeles and bringing the clubs, with their functions, anniversaries, awards, honorariums or just plain ol' partying, indoors.

December is definitely going to be the month to get your asses out of that snow and send them to LA for a little "warming." Starting December 2, the Satyrs MC (deferring a large party for their own 29th Anniversary, the Saturday after Thanksgiving) will be honoring the Oedipus MC on their 25th Anniversary at Troupers Hall. Followed by Oedipus MC celebrating their 25th Anniversary of Brotherhood at Ukranian Hall, December 3. If you are in town during this time, information about the festivities can be obtained from the local bars.

The Black and Tans "Beer Bust" at Griffs, will be following closely on the heels of December's great anniversary weekend.

The Black and Tans, a well known uniform club in LA redecorate Griffs each year for the Christmas season. With hundreds of yards of lights and evergreen boughs, the bar is transformed into (dare I say) a fairyland.

Uniforms, although not required for the beer bust, are appreciated.

Any club member wearing his colors will be warmly welcomed in LA by me and the Satyrs MC, of which I am proud to be a member.

This is my first report from LA and I am certain much more news will be forthcoming in the next issues. I am proud to be a part of this international effort to keep all our brothers informed.

Raw Country

"When I think back to my childhood in Brooklyn, New York, the first images of men that made an impression on my artwork were television and movie heroes. The Lone Ranger, Flash Gordon, and cowboys in general," said New York artist Robert Adragna, while exhibiting his work at Texas Renegades-Houston.

Those early images still enter his artwork, in some form or another. "The funny thing about those images are that they still create as strong an impression. It stimulates both my creativity and the drive to complete the work . . . although I enjoy painting all types of subjects.

"Most of the work pictured here was done on assignment for publication. As a result, I did not have all the creative freedom I would have liked. Still, I managed to put in a good deal of my feeling and fantasy. I would like people to get out of my artwork those feelings that I felt."

20TH C.M.C. ANNIVERSARY

C.M.C., celebrating its 20th Anniversary this year, proved itself the inveterate SF party giver with its annual CMC Carnival.

Hundreds of men jammed into two floors of California Hall, playing games, throwing whipped cream pies at local personalities, getting their boots shined, tossing rings for T-shirts, dancing, practicing a little lechery and watching great shows featuring SF's Gay Men's Chorus and the Barbary Coast Cloggers.

The climax of the day was the election of the new Mr. C.M.C. Carnival, Michael Merriot, who beat out nine other contenders by raising more money for his charity (AIDS/KS Foundation).

Local members of Interchain gave every daddy the opportunity to show off his boy at the "1st Annual Leather Daddy's Boy Contest" at SF Eagle-San Francisco.

With a \$10 cover, an auction of some snazzy items and other fundraising devices, \$6,100 was raised for SF AIDS while everyone had a great time provided by J. C., Manager of the SF Eagle.

With his clean cut good looks, come fuck me smile and that make me do it look in his eyes, Daddy's Boy, Jeff Banks, now holds his winner's plaque while even prouder Daddy, Robert Scott, masterfully holds his prize possession—his boy.

U.N.C.U.T. Forms

The all new U.N.C.U.T. (Uncut Natural Cocks United Together) Club has been formed in the Los Angeles area. The group caters exclusively to the uncut men who appreciate the beauty and subtleties of the uncut man. The club planned a series of special events to enlist new members.

A public beer bust was scheduled for two Sundays at The Pits at 3:00 p.m. The dates were November 13 and December 4. There were door prizes of art work by The Hun and others.

The uncut, natural man, is unfortunately becoming a minority and a rarity in the United States. There has always been an aura of mystique and mystery (and worship) for the uncut male.

Two New S&M Clubs

by Fledermaus

In Vancouver VASM celebrates its first anniversary and in San Francisco the Knights Templar gave their first party.

VASM, Vancouver Activists in S&M, celebrated their first anniversary October 7 through 10, Canada's Thanksgiving day weekend. Twenty-five guys attended the full weekend's activities. Most were BC residents but some came from Seattle and from Calgary.

George W., founder of VASM, organized an interesting weekend of social and educational activities and had invited yours truly to conduct a series of Sandmutoopia University courses. These included sessions on Tit, Cock and Ball Torture; Basic Rope Bondage; and Advanced Bondage. Dean D. of Seattle also presented a very interesting (and stimulating) demonstration of electro torture using all kinds of equipment up to and including an electric scrub brush! Following the Advanced Bondage class on Sunday night everyone participated in the "workshop" session and put into practice what they had learned over the course of the weekend—and demonstrated a few of their own tricks for the edification of the teachers as well!

Further contributions to the weekend came from The Garden Baths who sponsored a beer party; the Chicago Hellfire Club, who provided wine for the traditional Turkey dinner banquet; and Daniel and Philip of Bodyheat Leather, who provided a unique leather jockstrap to be raffled off.

VASM, an educational group modeled after New York City's GMSMA (Gay Male S/M Activists), also celebrated its anniversary by formalizing its structure, adopting a constitution, and electing its first set of officers. In most clubs these activities are the greatest exercises in sadomasochism I have ever seen. But VASM managed to accomplish it all in a meeting that lasted only about an hour! I suggested that they be nominated for the Guinness book of records.

I congratulate VASM on surviving the first and most difficult year, and wish them every success for the future. I met a lot of Hot S&M men in Vancouver and thoroughly enjoyed myself. I look forward to returning frequently! For information on the club write to: P.O. Box 2204, New Westminster, British Columbia V3L 5A5, Canada.

The Knights Templar is a new S&M group that was formed in San Francisco on August 28, 1983. Several of its members are former members of The 15 Association and many are currently Associate members of the Chicago Hellfire Club. The main qualification for membership is demonstration of a "positive attitude toward safe and sane S&M." The Knights Templar are interested in education, but like CHC they prefer the format of learning-through-doing rather than through formal lecture or discussion sessions. To this end they will be sponsoring a series of parties.

The first of these, Once Upon A Time, was held on September 24. The 2,800 square foot, South-Of-Market location housed a lounge and a dungeon featuring stocks, racks, crosses, bondage boards, etc. In all, the 40 men in attendance had 19 major pieces of dungeon furniture to choose from. I was unable to attend but I am assured by those who did that a wonderfully painful time was had by all.

Future parties include: Screams in the Night, on October 28; Cold Turkey, on November 26; and a memorable way to welcome the new year, on December 31. For more information on the Knights Templar write: P.O. Box 14128, San Francisco, California 94114.

MINNEAPOLIS

Minnesota News

by Dan Van Guilder

Greetings from the north country. Contrary to popular belief, we do not hibernate when the cold weather sets in. To kick off the fall season events, we had our tricks and got our treats at the Atons Halloween Party. The Black Guard heated us up at their annual chili feed and the Atons stuffed us (in more ways than one) at their Thanksgiving Dinner. Now we are all set to heat you up with our winter events that are sure to melt your heart and open your eyes to our beautiful winter season.

December 11, the Atons will hold their 10th annual Toys For Tots charity fundraiser. The event will take place on the second floor

of the Gay 90's Complex. This year's activities will include a slave auction and a ticket raffle to raise relief monies for local victims of AIDS. Of course, toys will be excepted for needy children and food for our hungry. This should prove to be most entertaining as well as providing for a fun holiday for others. For further information call Jim Courtney at 612-871-3249.

On February 18, the Atons will hold their Installation Banquet, (formerly known as their Spring Banquet). For more information on this event write: P.O. Box 2032, Loop Station, Minneapolis, Minnesota 55402.

Hot men will be in abundance as the Black Guard hosts The Place To Score In '84, the theme for the Black Frost Run. The weather may be cold outside, but the hot men generating steam inside will be sure to put frost on those windows. The run will be held on the second floor of the Gay 90's Complex on March 2, 3 and 4. Parties, games, food, and other things for a fun-filled weekend have been scheduled. With these hot run events the score will be Winter 0, Black Guard 1. For more information and application, see the ad in this issue.

CLEVELAND, OHIO

Starting with registration at the Filling Station, all the way through to the Farewell Champagne Party, we were partied and partied.

Showing their thank yous in brotherhood, cocktail parties and functions were thrown for the Knights by Lancer's MC, New Orleans; Mustangs, Houston; Sundance Cattle Co., Houston; De Sade & Men, New Orleans, and the Ladies Auxiliary of Finale II.

These were held at almost every fun spot there is in town, The Filling Station, Partners Saloon, Bourbon Pub/Parade Disco, Louisiana Purchase and one of the greatest dinners I have had the pleasure of attending at Menefee's.

Although you never need a reason to party in New Orleans, the Knights d'Orleans Anniversary is a definite plus.

Lancers 6th Anniversary

Wheeling into town last Thanksgiving weekend was the Lancers MC 6th Anniversary celebration.

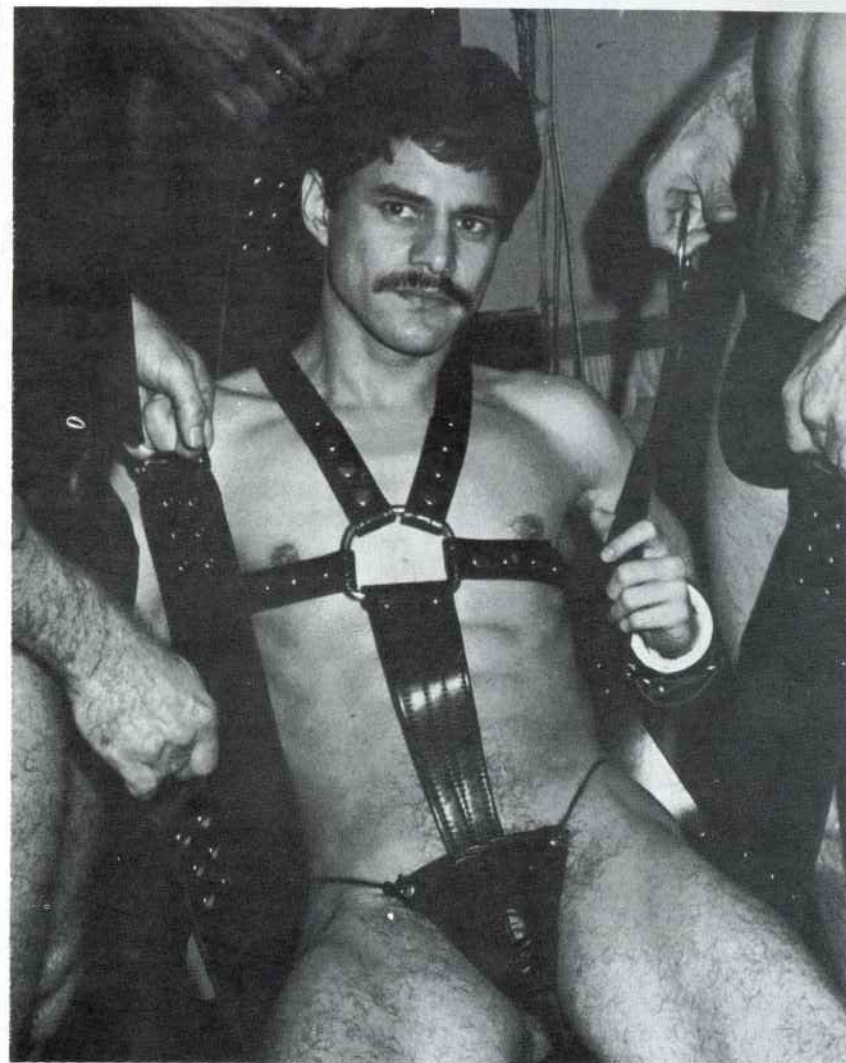

The Lancers, a New Orleans bikers club, set about to take everyone who had registered for their in-town run (103 was the official count) for one hell of a ride. They drove these people to partying, they drove them to drinking, they drove them right out of their minds with a great time. This was the first time when people said "blowout" all the Lancers didn't look down to check out their wheels.

Lancers MC, having planned an Enduro event during this weekend were not daunted that out of eighteen clubs registered, only three people came on bikes. The Enduro went on as planned. (Three bikers on the streets of the French Quarter can seem like 20 out in the country.)

The weekend seemed perfect including perfect weather. That is, until Wendel opened his home with its famous garden patio to all on Sunday afternoon. Once again, it started to rain on Wendel's luncheon. Now, believe me when I say I am sure he personally had nothing to do with making it rain, again. But, at this rate, he must have qualified for some kind of a Shower Award.

ROSEBUD '83

Eight years have passed since the first Rosebud Run, and if Rosebud '83 is the standard to set by, then I am planning on having as great a time at Rosebud 2000.

Dallas MC, Heart of Texas and the San Antonio Rough Riders again gave us the opportunity to enjoy lush Texas country, more food than you can put in your stomach, all the booze you can slosh down your throat, the big Texas sky above you and a big Texas cowboy beneath you, or above, the option is always there.

Dallas MC, usually with the largest membership of manpower available to help pull this run together, were themselves very short-handed this year. Knowing this, I wondered what Rosebud was going to be like. But once again these three clubs dazzled everyone with their decision that the quality of the Rosebud run will never suffer. Instead, for the first time this was a limited

run, with registration cut off at 250. Personally, I've always opted for quality over quantity. One good man 10 times is much better than 10 rejects once.

As with most runs there were the cocktail parties, the bike and people events and always the fucking around, but for some reason it has always been a little better at Rosebud than almost anywhere else. There really is a lot to be said about southern hospitality.

During closing ceremonies, Frank Gentry, a member of D. MC and run coordinator for Lone Star 5, a T.C.C. run held every even year on this same run site, was honored when Dan McIver, Publisher of **Club Scene** presented him with the first of fifty Lone Star 5 posters that have been signed and numbered by the artist, Ty Davidson. These first fifty posters that have been signed and numbered are to be auctioned at various club functions to raise money for the T.C.C. land fund. The first of these auctions held at Rosebud '83 following closing ceremonies brought in enough money to cover the costs of the poster and a welcomed contribution to the T.C.C. land fund.

Successful run? Memorable food, great sex, wonderful fun and monies raised for an important investment in the club scene, you can bet your sweet ass it was, again.

Rosebud Enduro

by Ken Boeker

Rosebud '83 was a smashing success! The design of events, timing of the schedule and addition of friendly men made all the planning of the host clubs worthwhile. Events outside the campsite, however, cause one to pause and reflect.

A beautiful enduro day began with the Dallas MC directions at the south gate of the Rosebud campsite and a short drive into the Falls County seat, Marlin, Texas. Along the way, bikers and their buddies answered observation questions and stopped along the banks of the Brazos River. Passing by the Falls County courthouse in Marlin, bikers enjoyed reading the historical signs and tasting the sulphurous waters for which Marlin is so famous. My buddy and I were the first to

leave Marlin and head a few miles down the road to Chilton. It was then that a pleasant enduro turned into a lesson for enduro bikers.

Some say he knew in advance of the enduro route, others that he saw our bikes pass by his office in Marlin—it matters not. The Falls County Sheriff stopped the first biker out of town. The sheriff began by calling in the Texas Highway Patrol and stopping any other biker who slowed. Those who were stopped were charged with "illegal lane change," "attempting to cause an accident," or "illegal turns." No speeding violations were issued but everyone was harassed. Bikers were told not to talk to one another, all drivers licenses were checked for outstanding warrants, and all inspection

A Lesson To Bikers

stickers and proofs of liability were verified. Bikers were questioned as to club affiliation, "where the party was at," and so forth. The sheriff made clear his view on "bad bikers." No biker was jailed or detained for more than an hour. All bikers were clean in the legal sense . . . and no biker reported any incident with the citizenry. What happened? It appears to be a clearcut case of official southern bigotry and harassment. And, it should be a lesson to all enduro bikers.

If you plan on being an enduro participant at any run, don't preclude something like this from happening to you. A few guidelines:

1. Ride straight and sober.
2. Obey local laws.
3. Check your inspection and liability before the run.

4. If you are stopped, cooperate as much as you are legally required to do and be a realist in dealing with local authorities.

5. If another enduro participant is stopped, use caution in "rescuing" them. Slow down only if you can afford being stopped yourself. While I'm not advocating abandoning a brother, I am telling you to use caution.

As a participant in five enduros from the Rosebud campsite, I can say the local population has always been friendly, helpful and just goodhearted country folk. This incident doesn't change my mind about them. But it only takes one bad apple if that apple is wearing a badge.

SAN DIEGO

Trident International

The San Diego Chapter of Trident International held their "Baby Boys" beer bust at their home bar, The Loading Zone. A great time was had by all and word is it was their best one yet. Coming up is their 3rd Annual "Christmas in Leather" party to be held December 15, 1983 (also at the Loading Zone). San Diego Trident also will be hosting an 11th Anniversary Party on April 6, 7 and 8, 1984 for all members of all chapters of Trident in the United States, Canada and Europe, and these men are working their asses off to see to it that this is the biggest bash the city has seen yet.

California Cyclemen MC

The C.C. MC recently held their annual "Green Garter" run starting with a kick off party at their home bar, The Iron Spur, on Saturday, November 12, 1983, at 11:00 p.m. followed the next day by a one day in-town bike run.

Cycle Men South

Thanksgiving weekend C.M.S. will be traveling to Tucson, Arizona, for the first annual "Arizona 3 Way" run sponsored by the Arizona Rangers, the Sons of Apollo and the Tucson Knight Owls. Sounds like it's going to be a lot of fun. C.M.S. is also hard at work planning their annual "Levi/Leather Boat Cruise for the end of February. If you're planning to attend, they are limited to 200 people, so be sure to plan early, it always sells out.

SAN FRANCISCO

SFGDI

SFGDIs once again gave their annual lessons in "Show Biz," with this year's presentation of "A Night At Minsky's." Not only rewinning San Francisco's recognition as a group with flair but also as a very qualified group of showmen. Director, Jonnie Valle, and all the GDIs from President Tom Way, on down, went all out to coordinate a thoroughly entertaining evening of pantomime brought to a major production level. One number was particularly outstanding in its contribution to both love and art. It was choreographically devoted to signing for the deaf in the audience.

PCRHA

The Pacific Coast Rodeo and Horsemen's Association held what they called "Playday," and what this is is a modest rodeo. Plenty of action, competition and more fun than the more formalized rodeos many of us are familiar with, all combined making this event a huge success and a great time for everyone.

Held at Bercut Field in Golden Gate Park, cowboys, cowgirls and those who would like to be congregated and kicked up their heels and a lot of arena dust in both mounted (use your imagination) and unmounted games and competition.

Cindy McCormick, winner of the "Best All-Around Cowgirl" at last summer's Reno Gay Rodeo, won "Best Mounted" at SF's Playday and "Buzz" Buzzard, a PCRHA Board Member, won the unmounted competition. This organization has a newly reactivated spirit and a number of activities are slated through next year that promises some great times.

Cheaters of SF

The Cheaters came up with what amounted to a six hour in-town run with their blowout to elect the outstanding club president of 1983. They hired M&M's Hall, decorated it like that of a political convention and conducted a citywide motorcycle club election that saw block voting by clubs and individual independents all done according to convention procedures.

There were nominating speeches followed by demonstrations in support of candidates and, while each club rooted for their own president, it finally came down to a neck and neck decision between SFGDI's president, Tom Way, and the Forum's president, Bill Wood. The winner . . . Bill Wood of the Forum, squeaking in to cop the title President of the Year and an arm load of prizes.

Two great shows, food and low priced booze made this event a clincher for a possible annual event.

The Forum

We are very sorry to hear that Bill Wood notified his club, The Border Riders, of his resignation, thus disqualifying him for membership in the Forum and his position as president. I'm sure many are going to be sad to see this man step down.

Chicago held a leather fashion show at the Interchange. The bar was packed and the smell of old and new leather permeated the air and the hot men in attendance. Members of the Tribe modeled the leather clothing and accessories and showed those who are not into leather the ropes. Bob from Male Hide and David from the Tribe acted as emcees for this successful event. The next day, after a night of heavy activity, the club held its annual Barn Sale. The barn and bake sale provided another day of heavy leather activity in Detroit.

The Colorado Gay Rodeo Association

Colorado Gay Rodeo Association (CGRA), now into its third year is growing and getting stronger with every rodeo.

Wayne Jakino, present and past president of the CGRA is one of the driving forces that have brought many of us the thrills and excitement of a great rodeo.

At the present time the CGRA is in the process of organizing the 3rd Annual Rodeo, and as most voluntary organizations, needs your help in any way you can. If you have a special talent or ability and the time or desire, the list of officers and committee chairmen is listed for you. The time is now to say you can help. A function of this size takes every one many months to bring together.

There is a possibility that Phil Ragsdale of the National Reno Rodeo will be visiting Denver. If this happens, hopefully, arrangements can be made with Texas (TGRA) to send a representative to Denver to help establish a uniform set of rules for the Gay Rodeo Circuit by meeting with National Gay Rodeo Association (NGRA) and CGRA.

PHOENIX

The Trax Trash Club, official judging body of the Mr. Arizona Leatherman Semifinals have selected Patrick as Mr. September Leatherman and Mark Schoppol (pictured) as Mr. October Leatherman.

The monthly contests are sponsored by Trax Bar and Tuff Stuff. The spectacular final contest between the monthly winners is on **Club Scene's** calendar as a must cover in April of 1984.

The lucky winner (from what we have seen so far this is going to be a hard one to judge) will go on to represent Arizona at the International Mr. Leather Contest in Chicago in May, also a must cover event on our calendar.

Cute, cuddly and kinky

Meet Teddy. He thinks he's hotter than the average bear. Sure, the greeting card with his photo is the fastest selling card of the year, but does one modeling job make you a star?

Sure, he's cute and cuddly with his soft tan fur and his big eyes. And kinky in his handmade leathers—each piece a perfect miniature of a full-size leather garment.

But I think his head's getting a bit swollen because, just between you and me, he's lucky if he's a foot tall.

Anyway, here he is. You want him? You can have him.

Dear Sir,

So you like my bear bottom? Well, you guessed it, it's for sale. With your permission, Mr. Red (he's the boss) will get me all hot and bothered, dress me up in real handmade leathers and ship me off to live with you. Of course, no one has asked for my permission. These agents think they run the world. Anyway, I'll go, just don't expect me to hang around if Hollywood calls.

I always wear a motorcycle cap, a San Francisco bar vest, chaps and cod piece. You can order me to wear some other hot gear too, just by checking the boxes below. Make your check or money order payable to Mr. Red and mail it with this order form to the address below. Then you get six weeks to think up things to do with your new possession.

One last thing. Just remember, you're getting a hot leather number here and I don't want to hear any smartass comments about what I really am under all that leather. Aside from that I'll be,

Obediently yours,
T. Bear
