The Varsity Sports Nobody Reports

By HEATHER DEAN
in "The Gargoyle Magazine"

This magazine is financed (sporadically) by the
University College Literary and Athletic Society

(Reprinted from "Justice Weekly
Toronto, Ontario, Canada)

It is a crisp fall night; there is a hunter's moon over Philosopher's Walk. The hunter in his blind lights one more cigarette, letting the match burn down between his stiffening fingers. But at the sound of footsteps along the concrete path he snatches it from his mouth and drops it into the grass while he inspects the game. The quarry is striding briskly up the walk, hands deep in the pockets of his U of T jacket, oblivious of the watcher in the shadows, whistling tunelessly through his teeth. He looks up alerted but not alarmed as the hunter, a fresh cigarette between his lips, drafts to intercept him.

"Excuse me. Have you got a light?"

"Yeah, sure."

The voice is friendly; the knot loosens a little in the hunter's gut as he guides the boy's hand to the cigarette, his touch lingering just too long in timid insinuation.

"Colder'n a bitch, ain't it?" he ventures.

"It sure is. I was just going up to the Embassy."

"Say! So was I. C'mon, I'll buy you a beer."

"Why, I'd be delighted."

The tone is wrong, taut, mocking. The hunter freezes, hollow in the belly, dry in the mouth, taking in the bright malice of his pick-up's glance, the rapid foot-falls behind them, during the slow second of awareness, of transformation from hunter to hunted. Too late he tries to run, but his "quarry" trips him and they are all upon him before he can scramble up, four or five of them, he can't tell how many with his arms flung desperately over his face. They bunt him down the slope with knees and feet, giggling nervously, until they see the blood, and then they run, leaving him weeping and retching in the dark beneath the bushes, not really hurt — the blood is from his nose — and wondering what hit him.

What hit our sad young friend is one of those fine old ivy-covered traditions that make a university so much more than a degree-mill in the hearts of its alumni. He has participated, albeit unwittingly in what is fondly known as a Faggot-stomp.

Using a decoy is but one of many variations on the central theme of terrorizing a homosexual. Sometimes, more crudely, boys in residence simply pour out in response to shouted alarms and pursue a queer who has attempted to solicit one of them from the street. Purists consider this akin to kicking a ball aimlessly around a field, and would object vociferously to its being classed as "sport". It clearly lacks the elements of suspense, of careful planning, of materful feinting, contained in the example above. Perhaps the ultimate refinement is for the Homo-hunter to have himself picked up downtown and stood to a few drinks. He then invites his new friend home to his room where he rouses his friends, who set on the mark as soon, of course, as he has paid the taxi. This is not whoring, you see, because the Homo-hunter doesn't come across in the end.

It is all very well to describe technique, suspense, etc., but the subtle observer of the sports scene will recognize that the appeal of a given sport may lie in less obvious qualities that more closely touch the heart. And Faggot-stomping not only touches the heart of the player but digs up some little purple horrors in his libido as well. After all, children, we have read Kinsey or have at least a snickering acquaintance with the statistics. We know that the majority of college men (those who were not raised on dairy farms) have engaged in random or not so random homosexual contacts, from masturbation demonstrations at the age of eleven to prolonged affairs. And perhaps they have nervously botched their single or several attempts at mixed sex. That is, perhaps our college man has reason to suspect that he himself is not a simon-pure heterosexual. His anxiety is aggravated by the casual conquests, the quiet authority, the total assurance of all his friends, which he is quick to imitate well enough to fool them as thoroughly as they fool him.

It is this context of insecurity and lonely self-doubt that the depth of the participant's emotional involvement must be considered. He convinces himself that if he jeers at fairies and scorns and hates them, if he hits and kicks and tramples them, he can't be one, can he?

We are aware of a school of thought that denies there is any distinction between amateur gangs beating up homosexuals in Toronto in the sixties and their beating up Afro-americans in Mississippi or Jews in Germany in the thirties. They claim targets are chosen predominately because they are outside the law and cultural sanctions against their victimization are weak or non-existent. The attackers are motivated solely by an indiscriminate thirst for violence, and prudence alone dictates their choice of victims. We reject this ugly view of human nature as simplistic and anti-social. Those in touch with this generation understand that the Homo-baiter is trampling temptation or defending his homosexual virginity, loss of which is still considered a fate worse than death.

By this time, many questions have undoubtedly occurred to those readers who have survived the esoterica above. Who are the Faggot-stompers? Where can I join? Do I get credits? Why have I not heard of them before?

The first question is the easiest. They are Medsmen, Artsmen, Engineers and Journalists; Christians, atheists and Jews; Conservatives, Liberals and liberals. They are people who sit through Lord of the Flies identifying with Ralph. However, because of the necessity for spontaneous action, for "hunting where the ducks are", residences and frats are the natural organizational centres.

Explaining the relative obscurity of this great tradition is another matter. The facts will shock you. Despite the color and action, the intense emotional involvement of the players, the many illustrious alumni who remember fondly their experiences in the field, there is no equipment provided by the university, no coaching, no freshmen credits, no bleachers, not even, not even, instruction manuals in the library. In the last decade, while hundreds of thousands have lavished on pools and playing fields for other sports, total expenditures on Faggot-stomping were \$1.19 (includes tax).

Two possible flaws in the sport itself suggest themselves (although the need for improvement does not excuse the university for gross malfeasance). First, the money-raising possibilities of ticket sales are limited by the bad lighting condtons of Letro's, the Quad, and Philosopher's Walk. And secondly, suspense is weakened by the present disparity in the strength of the teams. As this goes to press the series score is Latents 23 - Overts 0.

The Gargoyle sports department stands ready to spearhead a reform movement to bring this past-time the kind of attention it so richly deserves.

THE YOUNG SAVAGES - I

UNRETOUCHED NUDE PHOTOGRAPHS OF YOUNG BOYS

by Hajo Ortil

Good news! The response to "One Hundred Naked Rebels" was so encouraging that we have taken special pains to obtain more of the superb work of Hajo Ortil, undoubtedly the greatest photographer of boys in the world.

This is only the first of Ortil's new books that we will be offering to our customers. There are more Young Savage books to come! Order THE YOUNG SAVAGES - I, and we are certain you'll want to buy the complete series, especially as they are now being offered at the low price of \$5.00.

We believe you will agree that THE YOUNG SAVAGES is a brilliant follow-up to "One Hundred Naked Rebels." Here are many more fine, lusty examples of healthy, vigorous, European boyhood. In clear, unretouched, all-revealing pictures, are jovous scenes of boys wading in the surf, frolicking in the sand, playing with each other on the hillside. There isn't one stitch of clothing separating the warm, vibrant nudity of these mischievous little savages from the eyes of the viewer.

Here is another fine book for the nude-photography connoisseur to place in his collection.

As these unretouched nudist magazines are still devilishly difficult to get through the U.S. customs, there is no telling how long they will be available. We therefore, sincerely recommend that you order your copy of THE YOUNG SAVAGES - I, as soon as possible, while this superb magazine is still on the market.

This lovely book, 6 1/2 x 9 1/4, contains twenty pages of beautiful photographs and twenty pages of German text. It has been cleared by customs and is available for immediate shipment.

Male Sexual Deviations and Bizarre Practices

\$3.00

This is an unusual book. The writer has a keen sense of humor, knows his psychology and psychiatry, loves the human race and assumes that no matter what people do sexually it is, far from, fun. The idea that sex can be fun is still relatively new in America and the idea that deviant sexual activities can be pleasant is still too new to have been given serious popular consideration.

The book opens with some pungent observations upon mankind's inability to accept the products of its own history:

- ... After a million years man still can't accept what is called perversion as part of normal sexual behavior.
- ... Civilization has flourished with its perversions encapsulated inside of it.
- ... Long before man evolved to vex himself with rules, the other animals had invented the sexual oddities.

We can only briefly indicate some of the fascinating material in this book by listing a few chapter headings and the material they include:

THE LOVING HAND: Advances the view that masturbation is a solace and blessing to mankind—also discusses some modern refinements.

A TASTE OF HONEY: Points out why men enjoy fellatio and also why others enjoy doing this to someone. Relates the case of the husky fireman who was so desperate for someone he attempted to rape the psychiatrist!

THROUGH THE REAR DOOR: The most thorough discussion of anal intercourse we have ever read and the most rational discussion of the psychology of the active and passive sodomist in print. The case of "Norman" is amusing as he relates that "I turn over easy, even if I am asleep. I think it's a wife's duty." We have the case history of the handsome "Sand Wilson," who likes passive sodomy because "The great thing about getting it that way is that you don't have to do a thing." Finally, there is the case of Lennie, who found his first pleasure in a hobo camp and then became addicted to sodomizing truck drivers.

IN A FAMILY WAY: A thorough discussion of incest and related activity that is highlighted by the story of the "Reed" family. This family established something of a record for sexual activity because the father provided the sons with whores and male lovers, encouraged sex between the children and indulged himself with them as well! The community felt the limit had been reached when a seventeen year old boy had sex with the teenage Patty and Ned Reed on the same day at the same time.

BOYS FOR DELIGHT: A frank discussion of why women basically dislike homosexuals and will dislike them increasingly as the competition for attractive men becomes keener. The case history of "Lee" is instructive because many readers will recognize the familiarity of the pattern of seduction and subsequent events. The author takes the position that if young boys and men could engage in homosexual activity without being made to feel guilty, they would pass on to heterosexuality in most instances and there would be many fewer homosexuals in our culture, but a great deal more homosexual activity.

The foregoing is but the briefest indication of the wealth of fresh viewpoints and sensible positions taken by the author. It would be highly desirable for this book to come to the attention of homosexuals, their families and their friends. An excellent book—entertaining as well as instructive.

100 NAKED REBELS

AT LAST — Customs and the Post Office, after months of deliberation, have permitted Guild Book Service to present to the public one of the most controversial, exciting picture books of the decade by Europe's most renowned nudist photographer.

ONE HUNDRED NAKED REBELS IS A 52 PAGE NUDIST BOOK WITH A DIFFERENCE.

On the cover are two fine examples of young German womanhood, but all femininity stops there. The book is actually a lyrical paen to Nordic boys from eight to eighteen, all in their glorious all-togetherness.

HERE ARE A HUNDRED MISCHIEVOUS, GOLDEN-TANNED YOUNGSTERS LYING IN THE SUNLIGHT, SPLASHING IN A MOUNTAIN BROOK, PLAYING, WRESTLING, FROLICKING WITH EACH OTHER — ALL IN CLEAR, SEPIA-TONE, UNRETOUCHED NUDITY.

This is a book glorifying the laughing, fun-loving, glowing-with-health growing boy — without one stitch of clothes hiding his uninhibited merry-making.

GUILD BOOK SERVICE GUARANTEES THAT THERE IS NOT ANOTHER BOOK ANYWHERE IN AMERICA LIKE IT, AND ONE HUNDRED NAKED REBELS IS ONLY OBTAINABLE THROUGH GUILD BOOK SERVICE.

It is a volume that collectors thought would be impossible to obtain, a volume that belongs in every connoisseur's library.

Place your order while this amazing book is still available or you'll be missing out on the most unusual nudist book that has ever been published.
