Adrien Brody loves the acclaim his Oscar win has brought him, but he's still not used to being hit on by gay men.

The actor is often propositioned by gays even though he's heterosexual — and one experience really freaked him out. "I was in a car store and people were handing me things all the time — scripts, business propositions, phone numbers. This guy gives me this piece of paper and I went out into the parking lot and opened it and it said, 'Bathroom Now!' I dropped it like it was hot."

Kim Cattrall thought her dating worries were over when she arrived at the Toronto Film Festival in Canada earlier this month — she was greeted by a sign that asked her to get married again. But the actress paused when she realized the 'Will you marry me, Kim?' placard was being held by a woman. Canada recently legalized marriage between same-sex partners, but Cattrall was simply not interested.

Saucy actress Jenny McCarthy has made male fans miserable by refusing to play a lesbian scene with Pamela Anderson. The former *Playboy* "Playmate of the Year" appears as a Catholic schoolgirl alongside Pam in the next *Scary Movie*, and turned down the chance to add some spice to the moment.

"They made it sound like I'd be doing a lesbian scene with her and I said, 'Are you fucking high? No way!'" Even though she's lashed out at rumors of a bitter feud with rival pin-up Pam, Jenny's revealed she was less than impressed with the busty beauty's assets, and hopes she doesn't end up the same way. "She wants to be the sexpot of sexpots. Her breasts are exposed in the movie because

she literally couldn't button her shirt! I want to be considered sexy, but when my tits start sagging, I want people to know I can act and have a sense of humor."

Lime and those types — then here is one for ya. Don't get me wrong — the record doesn't

sound dated, it's just sort of reminding me of those days.

The other Robbins single that's floating my gay boat is the Milky record. It's called "Just the Way You Are." It's a nice disco-flavored house record, killer guitar rifts and lovely, feel-good, nonchalant vocals (lots of do do do, do do, do do do's). You can't miss it — it really worked for me driving with the top off of the Jeep.

What self-respecting queen isn't into Simply Red? Here's someone that's *always* perfect for a ride with the top off, for sure. The new single is called "Sunrise," and it's from the new album *Home*. The remix for this single was done by Love to Infinity, who just nails it for me. I have yet to hear the full album, but I'm sure it's as fabulous as they all are. For a great dose of Simply Red you might want to pick up the greatest hits CD that came out about four or five years

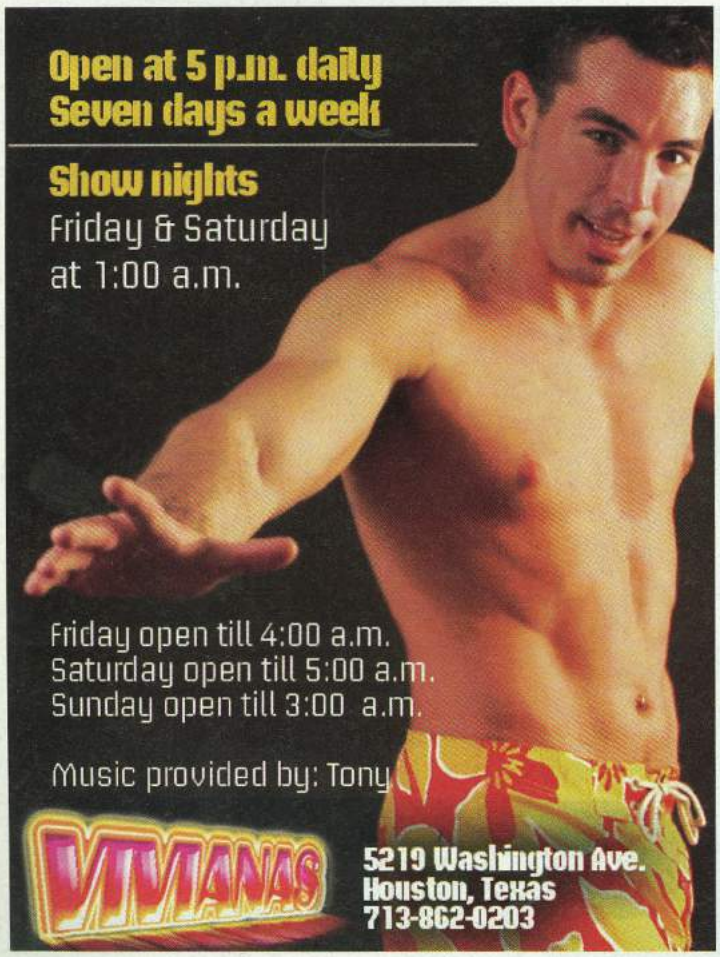

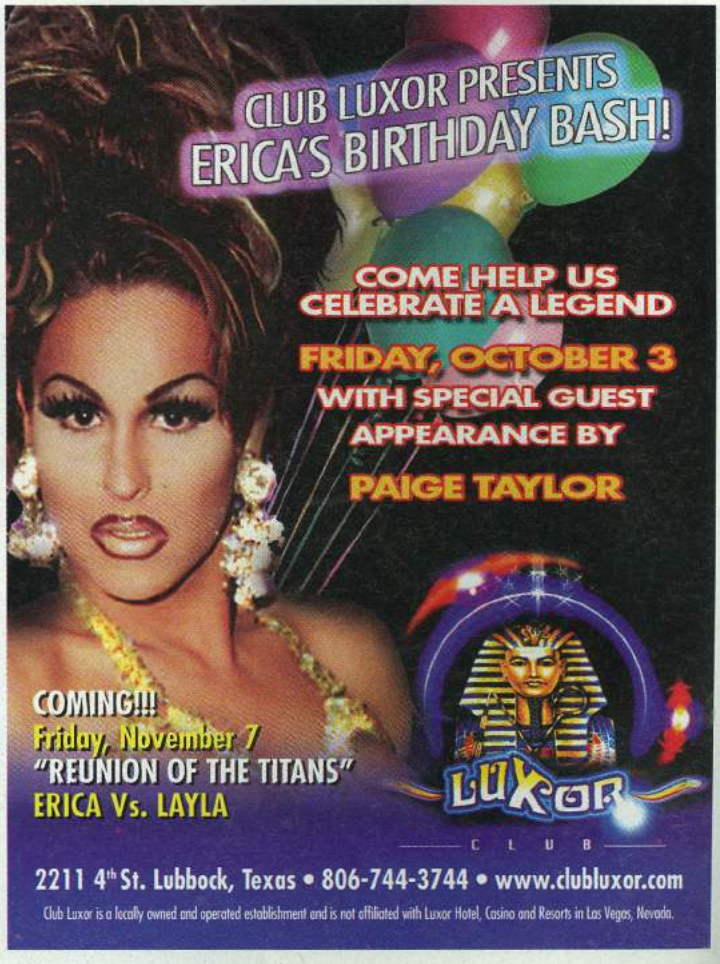

ago, then buy this new album and you will pretty much be hooked up.

The record that's got me all jerking and sweating this week is Amuka's "Appreciated Me" on Star 69 Records. The credit is actually "Jahkey B presents Amuka featuring Sheila Brody." Brody is currently the backup singer for R&B pioneers Funkadelic, but expect to hear this girl on lots of dance records for sure. The 12" version comes in two packages of remixes and the CD maxi is also loaded with goodie. I think this will have to be my pick for the month.

And that's the beats.

Getting Wet — Expect your jockey shorts to drip off if you enter the Wet Jockey Contest, held every Tuesday at E/J's. Cash prizes will be awarded. Pitchers are only $3.75, schnapps $1 all night long.

Play With Your Toyz — Thursdays at Toyz Disco means an amateur strip contest hosted by Monique, with $375 in prize money and DJ Alex T. And Friday is always ladies' night!

Libra (September 23-October 22) This week begins on a high note with the moon in your sign, but the feeling vanishes Sunday night. Checks and balances are the keys to success — don't look for the quick and easy way across the finish line. That new job you've been hoping for is right around the corner.

Scorpio (October 23-November 21) The universe will put you through an ultimate test of faith over the next three weeks, but not to worry. You're strong and determined, but it would be nice if you opened up a bit more — there are so many people who care about you and would like to get to know you better.

Sagittarius (November 22-December 21) What a difference a few days make. Last week you were pinching pennies and now there's money coming from all different directions. Don't go crazy on us, Sag — pay the bills first and then have a little fun. An out of town visitor brings you a gift and some delicious gossip.

Capricorn (December 22-January 19) Pull in those claws, Cappy — not everything can go your way all of the time, but you have a very high average on reaching goals. You'll get a seal of approval renewed by October 22. The weekend looks free of hassles, which is a nice change. Screen all calls on Sunday.

Aquarius (January 20-February 18) The sun is in Libra, so there's less stress around. A new friend and confidante may have feelings for you. Your workplace has become great since that royal pain in the butt was asked to leave, so exult in the sense of freedom. A weekend getaway proves to be a joy.

Pisces (February 19-March 19) The smell of victory is in the air, but exactly what noble cause have you been fighting for? This week it's essential to put your needs above everyone else's. Don't panic! It can be done with some practice. Go out by yourself Saturday night if that significant other is in one of his moods.

Aries (March 20-April 19) That rut you're in won't last very long — just think of it as a time out from the cosmos allowing you to regenerate. Mixed feelings about a new and special friend could be a warning. Move slowly with this one — your heart doesn't need to be bruised again. Try just having some fun.

Taurus (April 20-May 20) Those key personal ambitions are finally off the back burner and ready to boil. Much like waking up after a long winter's sleep, you will awake to a whole new energy pattern. Watch that throat — it's one of your greatest assets, but is also quite vulnerable. Don't strain those precious vocal cords.

Gemini (May 21-June 21) What a week! The elusive butterfly of love meets that lucky bluebird of happiness. Let's just hope they don't collide — too much of any good thing is no good for you after a while. It's like eating chocolate mousse: Just a taste is more than enough. Give your roommate plenty of space.

Cancer (June 22-July 22) Don't expect to be in the best of moods before Sunday brunch. Lack of sleep has your energies out of whack — try eating a meal occasionally while actually sitting down. Always being on the go suits you, but not that poor stomach. It's in your best interests to decline a friend's request for a loan.

Leo (July 23-August 22) Full steam ahead is your favorite gear to be in — happily, you'll be able to maintain that pace for most of the next two weeks. Aren't you tired of juggling those multiple love interests? Pick the cream of the crop and commit (which is not a dirty word). Your heart deserves to feel full.

Virgo (August 23-September 22) Getting what you deserve this week might seem like pulling teeth. Speaking of which, get thee to a dentist, pronto! You're pretty much along for the ride this weekend. Let someone else fuss and make plans for a change — you need to chill and just be. Why not give it a shot?
