Hyde. Before the hunky actor landed on *Passions*, he did promos for *Sunset Beach* (if you blinked, you missed them — kinda like the soap itself). But one avid fan knew him from somewhere far more interesting. Back in 1987, James toured as a back-up dancer for the group Dead or Alive, appearing quite often in a G-string, jock strap or various other flesh revealing costumes. And this fan did something I love — he went through his entire video library and dug up those photos. In an interview, Hyde talks about his film work,

saying, "I've done nude scenes in the movies. You've got to feel comfortable with yourself or you're going to have a hard time in this business." I'll have a hard time if someone finds me those nude photos!

Could it be that Morgan Fairchild is really a gay man? Let the evidence speak for itself. Prior to getting married, Senator John Kerry dated the lovely Miss Fairchild. Fast-forward to the current presidential campaign. Morgan has gone out of her way to donate money to three of Kerry's Democratic opponents. Leave it to Fairchild to teach us a thing or two about getting even.

Could it be that a certain second-generation star has a little fetish? So say insiders who confess that the happily married man is so eager to have kids that he's getting in a bit of practice changing diapers. Well, kinda. He actually gets off *wearing* the diapers and having them changed for him — perhaps with a spanking or two thrown in. Ironic, since he's been the changer, at least on screen. While he enjoyed the attention of boys and girls during his single years, I'm told he's completely faithful to his wife. And they lived happily ever after.

When Morgan Fairchild's even bitchier than *moi*, it's time to end yet another column. By the time you read this, my birthday will have passed, and we'll have taped the pilot for my talk show. But since this is being written days before, I can't give you any dish until next week. I will take this opportunity to thank everyone who sent birthday greetings and attended the taping. Almost a week beforehand, we were sold out. I guess you people like your Filth — especially if it's 2Go! If you've got any questions I haven't answered, just send a note to my e-mail address of Billy@filth2go.com and I promise to get back to you before Morgan makes a donation to George W.'s campaign!

Until next time, remember, one man's filth is another man's bible.

Pisces (February 19-March 19) With the sun transiting through your sign, this is a fine time to clear up old debts and tie up loose ends. A romantic interlude on Sunday is the week's highlight. Driving all over town on the 25th pays off big time. Knocking on doors will bring results. Don't be shy about what you want!

Aries (March 20-April 19) Friday's new moon cuts down those stress levels. You won't be in much of a partying mood this weekend, which is just as well. Issues at home must be met head-on before there's a major clash. Check out a few car lots for a newer set of wheels (Wednesday is the best day to do this).

Taurus (April 20-May 20) A recent financial setback is more than offset by what heads your way this week. Those batteries look fully charge, so you can handle anything the universe has to dish out. Get out Saturday night and shake the dust off your party threads. Start planning a late April getaway right now.

Gemini (May 21-June 21) Hardly anything will go wrong or upset you this week, which is a nice change of pace. Your career momentum continues to build. The chance to make some extra money should be seriously considered. A reconciliation makes you very happy and leaves you feeling relieved. Watch where you park on the 25th.

Cancer (June 22-July 22) A roller-coaster week awaits you, Cancer. The urge to run off and hide will be strong but not practical — it's best to face minor hassles and sweep them away. A former comrade comes back into your life for a spell — this is the time to let bygones be bygones. Spiff up your appearance for the 26th.

Leo (July 23-August 22) Very little will get in the way of your progress this week. Have minor car repairs done before they blossom into major ones. It's time to pay back a few favors. Don't judge an overly sensitive friend too harshly. Major negotiations on the 23rd bring about the desired results.

Virgo (August 23-September 22) It's said that everything comes to those who wait, but it also comes to those who work hard. You've been seeing a larger return on your investments, and this should continue for a while. Enjoy the weekend and let that pile of paperwork wait until Monday. You're sweetie is feeling unusually romantic.

Libra (September 23-October 22) Moneymaking ideas run through your mind all the time. How about harvesting a few of them and getting some expert advice? That lower backache has eased up quite a bit. You should be proud for leaping over that last career hurdle. Celebrate with a nice Sunday brunch.

Scorpio (October 23-November 21) It's going to be a calmer than usual weekend, especially since you won't feel the need to party as usual. You'll need to be centered and very focused on the 24th. Don't brush off well-intentioned criticism from a colleague. Sleep patterns will stabilize after the 25th.

Sagittarius (November 22-December 21) That fling with an adorable Aquarian is starting to get serious — just be sure this is what you want, Sag. Financial aspects continue to look strong. There's more work than play this week, but that'll reverse itself on the 28th. Splurge on a new pair of sneakers.

Capricorn (December 22-January 19) Though you'll be at a creative/artistic peak this week, physical energies may be a tad low. Hold off on that long weekend getaway until mid-March. A competitor goes belly up, freeing you to take on even more clients. A talented younger sibling finally hits that major career bull's-eye.

Aquarius (January 20-February 18) Being neat and organized aren't your strongest qualities, but now would be a good time to work on them. You're brilliant but maddeningly chaotic — it's like trying to catch lightning in a bottle at times. Perhaps taking a course or two would help you to focus more clearly.
