somebody who introduces you to somebody else that you date. Gay men are far more territorial, far more jealous and we're far less likely to be okay with our best friend being our ex-boyfriend. Maybe it's just about being a gay man; maybe it's about the culture that we create for ourselves.

Q: How do you feel about your hate mail?

A: I love it! At first I didn't like it, but then I started to embrace it. Since I get an enormous amount of it, if I didn't love it I'd have to get out of this business.

Q: Who is the audience for *The Derek and Romaine Show*?

A: Most of the mail that I get right now from my column is from 19, 20, 21 year olds, because all they think about is dating. They only care about dating and they're obsessed with it, so they can't wait to read my column and find out what I have to say. Seriously, it's their whole world. I hope that when I'm 60, my whole world won't be about dating.

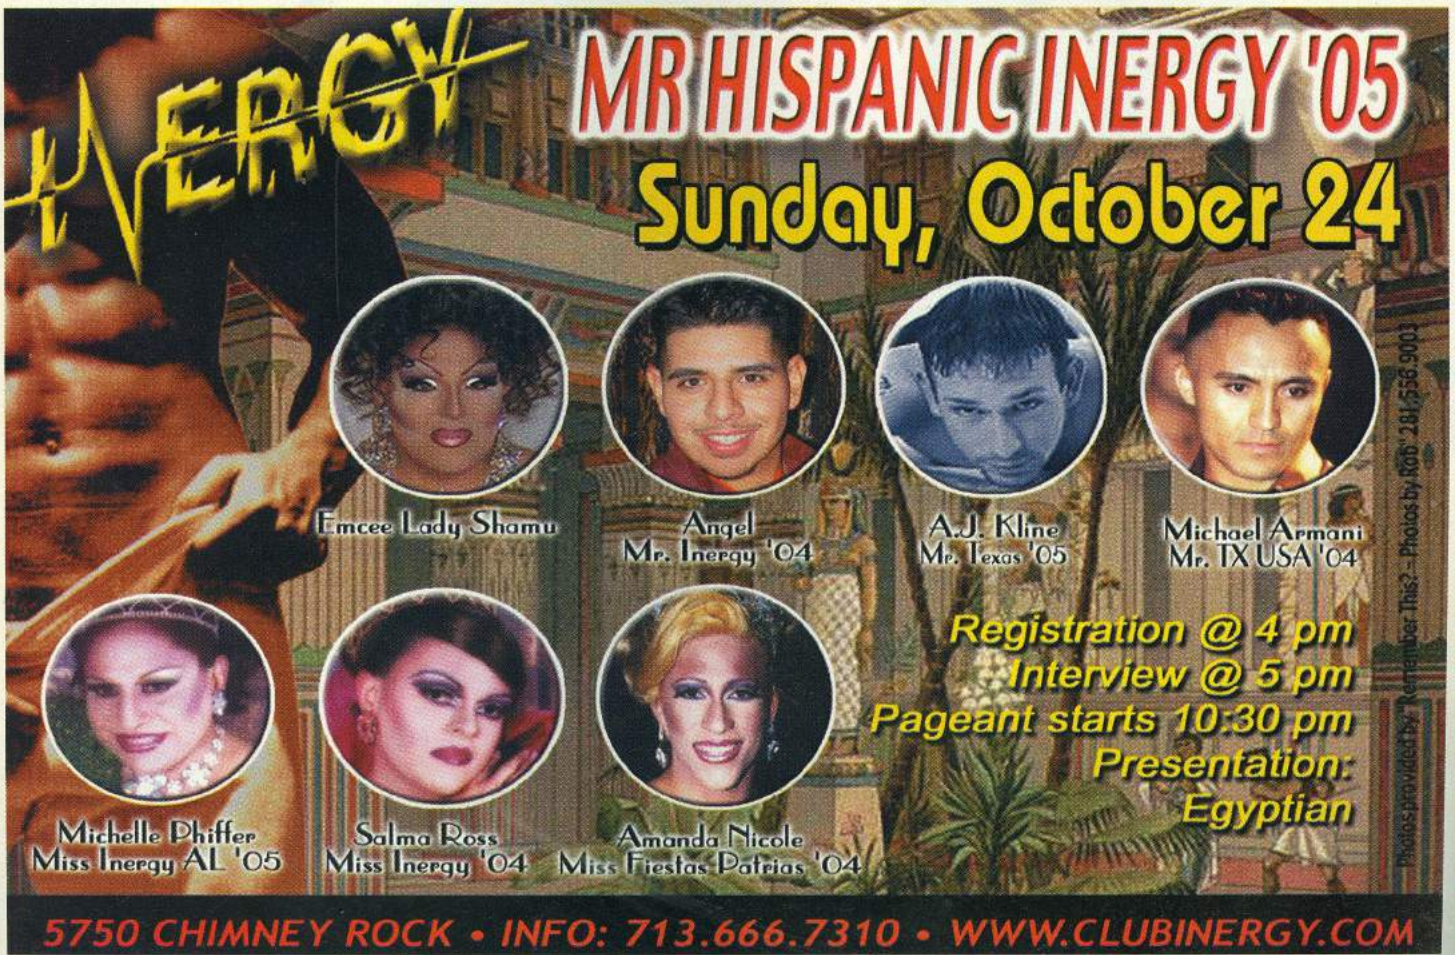

Q: You have a book coming out very soon called *None the Wiser*.

A: I do. It's going to be a collection of essays that focus basically on life and sex. There's going to be some past columns of mine that are going to be incorporated into it and also some new material. But it's largely a collection of my columns.

Q: What was the most outrageous segment you have ever aired on your show?

A: We had the porn star Michael Brandon on our show. And he has a very large 10-inch penis. And he took it out and got it hard and was thumping it on the counter during the show. And then Romaine was grabbing it. She's a lesbian but she's obsessed with men's chests and penises. So we got some photos of Romaine grabbing Michael Brandon's penis. He has a name for it; it's called "the monster." And he kept insisting that we call it "the cock." And so we probably had the word "cock" on our radio show 40 or 50 times in an hour. That was probably a little excessive. Actually people called in and they loved it. But we caused quite a bit of a stir. On another show we had Inga Muscio talking about her book, *Cunt*. We used this word about 30 times in that hour, and the word is kind of a lightning rod for people. And we were encouraging people to go to Barnes & Noble and go up to the head salesperson and say, "Excuse me, do you have *Cunt*?"

The Derek and Romaine Show *can be heard weeknights from 6 to 9 p.m. on Sirius Satellite Radio's Out Q.*

2015 A GATHERING PLACE FOR MEN

album with producer Giuseppe D. That's right. The album has yet to be titled and it most likely will not come out until early 2005. But the thought of new work by Bobby O makes most long-time fans of club music salivate.

One of the biggest fears that I always have when someone does a comeback project is that it will really suck. And more often than not, that is the case. But I was able to get a demo copy recently from Bobby himself and I was completely blown away. There is of course that familiar Bobby O bass line and synth work on some of the tracks, but then there are things completely new and fresh. Some of the tracks almost have a bit of a country-pop-meets-electronica sound. Most of the tracks are Bobby on vocals, but there are also some female vocals on a few of the 12 songs.

I wouldn't even call this a comeback — it's more like a continuation. Once we find out when this is going to hit the shelves, we'll let you know.

And that's the beat.

QBITES

Ah, The Theater — On October 23, the cast from *Halloween Magic* will be at Meteor starting at 11:30 p.m. There'll be a costume contest on October 30 at 11 p.m. with great prizes and give-aways. Then on November 1, musical theatre night will feature a special performance by the cast of *A Chorus Line*.

Thunderbolts And Lightning — Big Knobs On Broomsticks 5, an annual Halloween show and costume contest, directly benefits the NLA Houston Red Ribbon Toy Drive and Camp Hope for children with HIV/AIDS. It'll take place at EJ's on Saturday, October 30, 2004 from 8-11 p.m. There will be raffles throughout the evening culminating with the costume contest where prizes for best theme most original.

Very, Very Frightening — Allen Cole, Mr. Outpost Emeritus, hosts a show at Michael's Outpost on Saturday, October 30 titled Fright Night. The show starts at 10 p.m. and will be followed by a Halloween costume contest at midnight, and benefits TGRA and other beneficiaries.

On With The Show — Playwright Ken Ludwig's latest comedy, *Leading Ladies* — starring two men in the top roles — gets its world premier at the Alley Theatre. It runs through November 7. Call 713-228-8421 for tickets.

Man's Rich Pageant — Mr. Inergy 2004, a direct preliminary to Mr. Texas USofA, arrives on Sunday, October 24.

Going Goth — The Witching Hour comes to Houston soon, with South Beach staging a gothic Halloween party on Saturday October 30 and again on Sunday, October 31 with DJs, a costume contest and more. Until then, check out Fright Fest at Astroworld weekends through October.

Libra (September 23-October 22) After the sun's transits from your sign late Friday, it may feel as though the party is over. That is the case, but it's just temporary. The urge to hide out at home will be powerful, but that won't accomplish much. Cupid has fired an arrow into your heart. Doesn't it feel wonderful?

Scorpio (October 23-November 21) The mystery that is Scorpio may never be solved, but people do have fun trying. Take criticism from a higher up with a grain of salt. Throwing a temper tantrum causes you to lose ground. Saturday looks best for checking out real estate. You'll likely spend Sunday alone.

Sagittarius (November 22-December 21) Most of what you touch — and even what you say — turns to pure gold over the next few weeks. What a nice roll to be on, Sag — take full advantage of it. Be generous with both time and money. Your reputation is growing by leaps and bounds. The very best is still to come.

Capricorn (December 22-January 19) An old adage states that one must spend money in order to make it. That will never be more fitting for you, especially over the next five weeks. Don't shy away from taking the path less traveled. Friends are supportive, but much more is gained from embracing silent enemies.

Aquarius (January 20-February 18) That current rough patch on the rocky road of love has no easy solutions. Some time away from the turmoil is necessary in order to gain a fresh perspective. A court date will probably be postponed. Make a fresh start with that confused co-worker — it'll be worth the effort.

Pisces (February 19-March 19) Finalize Turkey Day plans this week. You continue to fly solo for a while longer. Don't burn any friendship bridges that could prove invaluable down the road. That lower digestive tract may act up on Monday, so eat lightly. Avoid impulse buying for the next month.

Aries (March 20-April 19) A new, second source of income helps to ease the financial shackles a bit. Don't put off that dental exam any longer. Be very careful what you say at work on Monday. Wednesday's eclipse will have you energized and raring to go. Resist those romantic overtures beamed at you on the 28th.

Taurus (April 20-May 20) This week will have a killer start and finish — too bad you can't just hide out on the 25th and 26th. A very rare and powerful lunar eclipse in your sign on the 27th kicks open many career doors over the next three months. Remember: There's no such thing as having too much money.

Gemini (May 21-June 21) Talk truly can be cheap and there are times when you've got this market cornered. Listen a bit more and refrain from offering those witty opinions you're so famous for. Information unexpectedly received on Sunday could change your priorities. Networking and advertising highlight Thursday.

Cancer (June 22-July 22) The week begins on a sour note, but gradually builds to a solid middle and a fine finish. An investment opportunity might look terrific but is actually foolish. Make a solid effort to befriend that bright new employee. Go off by yourself on Sunday and commune with Mother Nature.

Leo (July 23-August 22) Please take what others are saying more seriously — that infamous ego of yours can get out of hand quite easily. Your energies burn brightly through Monday. Once that eclipse pattern begins on the 26th, expect three days of high intensity and delays. A good sense of humor will help.

Virgo (August 23-September 22) You and Libra have much in common. You've both recently met major love interests and are deliriously happy. But whereas Libra is charging full speed ahead, you've got some doubts. Get rid of them, Virgo! It's time to get out of your own way. You have the right to be ecstatic.
