GAY POLITICAL CAUCUS • P. O. Box 3887 • Houston, Texas 77001

October 29, 1979

To All GPC Board and Steering Committee Members:

As you know, Sunday, November 4 has been designated as "Defeat Frank Mann Day." We are sponsoring a rally with community leaders and the Montrose Marching Band, to be followed by the most massive block-walking campaign in the history of this city.

We have put this city on notice that the gay community needs to defeat Frank Mann, to keep our credibility as the most effective political organization in this city, and the most viable gay organization in the nation we must all make a last-ditch effort in every possible way.

As a leader of this organization, we feel it not only appropriate but imperative that you participate in this effort as a block/area captain. You will be briefed at meetings held on Thursday, November 1 at 7:30p.m. or at 12 noon Saturday, November 3 at the Harris County Democrats office at 4600 Main Street as to materials areas and volunteers procedures. Please call the office, 526-2668, and notify Rick Graves what orientation session you can attend, or if you cannot participate in the effort.

Also we have volunteers who have never worked with the organization working nearly every evening - it would be helpful if a few of the leaders of the G.P.C. could show up at these efforts and introduce themselves to try to integrate these people and make them feel welcome and appreciated within the Caucus.

Sincerely,

Larry

Larry Bagneris, Jr.
Vice-President
