Diversity defines this nation. But our strength lies in both our differences and similarities. Most Americans, regardless of race, religion, ethnicity, gender or sexual orientation, value hard work and achievement.

SIMILARITIES

These similarities are the keys to building a united community and a truly united nation. At Shell, we employ some of the most creative minds on earth to solve the world's toughest problems. Regardless of who those minds belong to. Learn more about Shell by visiting www.shell.com/us/diversity

THIS EVENING IS LOVINGLY DEDICATED

TO THE MEMORY OF

MONTE FROST

Dear Friends,

Welcome to the 2007 Houston Black Tie Dinner! As a child, fairy tales such as Little Red Riding Hood, Jack and the Beanstalk, Rapunzel, and Cinderella all journeyed Into the Woods and inspired us to imagine worlds of mystery and magic.

We are honored to serve as your Gala Co-Chair's and on behalf of the Houston Black Tie Dinner Board of Directors we thank you all for joining us this evening. Tonight we acknowledge the richness and diversity of our community, as demonstrated by our outstanding group of beneficiaries and those we're honoring this evening.

While tonight promises to be one of celebration and hope we can never lose sight of why we are here - to raise desperately needed funds for education and health programs, cultural enhancements, patient services and critical AIDS research.

It is because of the efforts and dedication of our underwriters, table sponsors, Friends of Black Tie, auction donors, advertisers and volunteers that this evening is possible. For your contributions and participation we extend our heartfelt gratitude.

Finally, we would like to thank our extraordinary board of directors who have given their time, energy and resources to help make this year and especially this evening a success. We'd also like to pay a special tribute to one of our own who is no longer with us, Monte Frost. His strength and dedication to our community will be sorely missed.

We invite you tonight to experience your own mystical tale, as Houston Black Tie Dinner leads you Into the Woods for a night of enchantment. On behalf of our beneficiaries and our Board, we thank you for your support and extend to you our best wishes for a wonderful evening.

**IN 1988, JAY HOLLYFIELD HOSTED THE FIRST
BLACK TIE DINNER IN THE WINE CELLAR OF
TONY'S RESTAURANT AND FROM THAT POINT
FORWARD THE HISTORY IS AS FOLLOWS...**

Upon being approached by the Human Rights Campaign Fund, Jay Hollyfield agreed to organize a dinner with the help of Gene Harrington, Monte Front and Scott Holman. The Dinner was held in the Tony's Wine Cellar with a small group of interested persons in attendance. The following year a dinner was held in the Petroleum Club with a slightly larger group present.

By 1991, the founding group grew to ten with the addition of Keith McGee, Charles Armstrong, Larry Lingle, Bill White, Nancy Mollada and Frank Campisi. The Dinner was held at the Remington Hotel with two hundred twenty attending.

By 1993 two more persons were added to the hosts, Phil Lacy and Janine Brunjes. The group incorporated as The Houston Black Tie Dinner, Inc., a 501 (c) 3 organization to raise and distribute funds to both local charities and to a national beneficiary. The speaker was Roberta Achtenberg, the highest ranking gay member of the Clinton administration.

The over \$1.6 million dollars distributed to beneficiaries from previous dinners since 1993 is a reflection of how we in the Houston and surrounding communities have responded to the call to support our community. The Houston Black Tie Dinner has made a positive difference in this city and you a part of it. Thank you all for your support.

We look forward to an ongoing partnership with each of you in making a significant impact in our city.

DEDICATION

MONTE FROST

Monte Frost passed away February 21, 2007, as a result of and following a lengthy battle with AIDS. A third generation Houstonian, he attended Rice University, graduated with a Bachelor of Architecture degree, received the American Institute of Architects Henry Adams award, and later became a member of Rice Associates. Monte was a longtime lover of boating and spent much time involved with and studying that subject, was a member of Houston, Lakewood, and New York Yacht Clubs and the U. S. Power Squadron.

Since 1985 he was involved with and supportive of many AIDS related activities, such as the Foundation for Immunological Disorders and the Houston Clinical Research Network of Montrose Clinic, at which he was largely responsible for the Frost Eye Clinic. Recently he founded The Frost Foundation for education and medical care. He was a member of the initial board of directors of the Human Rights Campaign Fund and Federal Club in Houston, and was involved with founding of Houston Black Tie Dinner and the Log Cabin Republicans.

Monte was a fixture at Houston Black Tie Dinner, consistently supporting the event each year. His presence will be sorely missed. We ask that you all raise a glass in honor of Monte Frost, as we dedicate this evening to his loving memory.

November 2007

Greetings!

As mayor of the City of Houston, I welcome all to the **Houston Black Tie Dinner** presented at the Hyatt Regency Downtown on November 10, 2007.

I commend **The Houston Black Tie Dinner** for its dedication to raising funds in support of the Greater Houston GLBT community. Houston historically has offered an array of activities, organizations and services that are reflective of its diversity, and this event continues in that tradition. The strengths of this great city are in the men and women who make up our diverse cultural richness.

I support your efforts to help bring about a better, more inclusive world. Your work shows that Houston is a city of communities, and we all strive to make this city a better place to live and work. I look forward to working with you on the issues that are important to the gay, lesbian, bisexual and transgender community, and all Houstonians.

Please accept my best wishes for a successful and rewarding event.

Sincerely,

Bill White

What an honor it is to represent such a diverse electorate in this great city. May your work continue to help that diversity flourish.

HUMAN RIGHTS CAMPAIGN (HRC) HOUSTON

The Human Rights Campaign, the largest national gay, lesbian, bisexual and transgender advocacy organization, envisions an America where GLBT people are ensured of their basic equal rights, and can be open, honest and safe at home, at work and in the community. HRC represents a grassroots force of more than 700,000 members and supporters nationwide — all committed to making this vision of equality a reality.

Founded in 1980, HRC effectively lobbies Congress, provides campaign support to fair-minded candidates, and works to educate the public on a wide array of topics affecting GLBT Americans, including relationship recognition, workplace, family, and health issues. The HRC Foundation — an HRC-affiliated organization — engages in research and provides public education and programming. Highlights of our Political work locally.

- *HRC Houston has been proud to partner with Equality Texas, the Houston Equal Rights Alliance and the Houston GLBT Political Caucus on town halls, political update luncheons, fundraisers, get out the vote efforts and voter identification campaigns.*
- *HRC worked hand-in-hand with Equality Texas, No Nonsense in November and others to fight Proposition 2.*
- *HRC supported candidates with both volunteers and monetary contributions to five candidates for the Texas House, including Ellen Cohen and Hubert Vo locally.*
- *HRC worked to promote hate crimes legislation at the state level through the James Byrd Jr. Hate Crimes Act.*

FRIENDS & LOVED ONES WE REMEMBER

I am no longer afraid of mirrors
where I see the sign of the amazon, the one
who shoots arrows.

There was a fine red line across my chest
where a knife entered, but now a branch winds about the
scar and travels from arm to heart.

Green leaves cover the branch, grapes hang there
and a bird appears.

What grows in me now is vital and does not cause
me harm. I think the bird is singing.

I have relinquished some of the scars.

I have designed my chest with the care given to an
illuminated manuscript.

I am no longer ashamed to make love.
Love is a battle I can win.

I have the body of a warrior who
does not kill or wound.

On the book of my body,
I have permanently inscribed a tree.
