*If I were to hold your hand
People would laugh
And say we were strange*

*So I will walk away
And try to hide the desire and
love in my eyes*

*If I were to kiss you
They would scream and curse
And make me go away*

*But someday in a better world
I will hold you
And learn to love.*

*If I were to make love to you
They would become frightened
And try to destroy me*
