Silver CELEBRATION!

CELEBRATE HOUSTON'S ANNIVERSARY WITH 25 DAYS OF GLBT PRIDE EVENTS
25 YEARS OF THE RAINBOW FLAG
EUROPRIDE WIN A TRIP TO MANCHESTER

Welcome

Twenty-five years is a perfect time to examine our past. The 1977 march through downtown in reaction to Anita Bryant's presence in Houston helped to start the pride celebration that we know today. The fight against the city for our first parade permit, a former mayor publicly calling gays degenerates, and the devastation of the AIDS crisis were barriers we faced. We retaliated against these events by filling the Astrodome for a town-hall meeting, creating hundreds of GLBT community organizations, electing our first openly gay city council representative, and taking to the streets loud and proud by creating North America's first nighttime pride parade. This is our community.

Twenty-five years is a perfect time to imagine our future. Can we envision a time when students can take a same-sex date to a high school prom? When will it be possible to hold your loved one's hand during a routine shopping trip? Will we be able to create our own families like anyone else? Will we live long, healthy, productive lives as accepted members of society? Will the future include us?

After twenty-five years, some may wonder why Houston still needs an annual pride celebration. There are plenty of reasons: to commemorate the Stonewall riots, to bring visibility to our community, to show off our strength as a group, or simply as a reason for a great party. We will continue to celebrate pride as long as we can imagine the future: when a child can grow up and not be discarded because of who they are, until you cannot be fired because of who you love, until loving someone is not a crime, and when being a gay, lesbian, bisexual or a transgendered person is not a reason to be looked down upon, hurt or even killed.

As a community we have made great strides in the past twenty-five years; however, we have many more to make. I would like to thank the Pride Committee of Houston's Board of Directors, Committee Chairs, Volunteers and the community support. All make the annual pride celebration possible for the thousands of participants. For our twenty-fifth Silver Celebration we have twenty-five days of pride held from June 5 to June 29. These days of pride will be filled with educational, social, historical and artistic opportunities to educate, celebrate and commemorate our community. You will find a complete listing of these events on-line at www.pridehouston.org and in local publications.

Great changes have been made to this year's Pride Celebration and you too will have a chance to examine our past and imagine your future. Our nighttime Pride Parade will look better than ever before. Don't miss it! Whether you only read this publication, catch a glimpse of the celebration on the news, or proudly wave a banner as you march down the street... We welcome you! There is a place for us all.

Happy Silver Celebration, Houston! How will you show your pride?

Nicolas J. Brines
PRESIDENT

Greetings!

As Mayor of the City of Houston, I am pleased to extend my warm regards to all participating in various activities to be held during the 25th Annual Pride Celebration. I would also like to welcome the many guests who will be attending these events from across the state.

Houston has historically offered activities, organizations, and services that are reflective of our diverse ethnic and cultural makeup, and this event continues in that tradition. The strengths of this great city are in the men and women who make up our diversity and cultural richness. Equality for all regardless of race, religion, national origin, disability or sexual orientation, constitutes one of my core personal beliefs.

Please accept my best wishes for much success.

Sincerely,
LEE BROWN
MAYOR

Dear Friends,

If only Anita Bryant could see the parade she inspired!!! It's becoming THE parade, and it attracts visitors from all over the country.

Congratulations on a grand 25-year tradition that produces a bigger and classier parade and series of events each year.

To the tireless Pride Committee volunteers who devote hundreds of hours of work throughout the year so the entire GLBT community can celebrate together — Thank you for some of the best celebrations of our lives!

HOUSTON CITY COUNCIL

HOUSTON: "Space City. A Galaxy of Fun!"

Houston is a city of surprises, and it had better be with a motto like "Who says the sky's the limit?" That's a pretty ambitious statement to back. However, Houston is working hard at making the Space City a great place for fun and adventure and others are taking notice of the city's efforts. The Tennis Masters Cup for 2003 and 2004 are being held here. The 2004 Super Bowl will be giving the city football fever in January at the new Reliant Stadium, just in time to see the new light rail that will connect the Reliant complex to the rest of downtown. And next year the Boys of Summer will be making their squeeze plays during their MLB All-Star Game at the beautiful Minute Maid Park.

Unfortunately, even with all these high-profile events occurring, many people, including residents who live in the fourth largest city in the U.S.A., are not aware of all Houston has to offer. Everyone knows NASA has its headquarters in Houston. Those now-famous words "Houston, we have a problem" have made sure that no one forgets that fact and keeps Space Center Houston as the most

visited attraction in Houston by people from all over the world. But, for example, did you know Houston is one of the very few cities in the country that have all the "Big Four" performing arts: symphony, theater, ballet, and opera? The number of seats for all these performing arts in Houston is second only to that of New York City! Houston also boasts a tremendous art collection with more than 20 museums ranging from fine arts to oranges.

Of course, there are more than a dozen usual malls, but Houston also features "shoppertainment" at the Katy Mills. You can actually fish in one of the many unusual stores there or eat with the iguanas in a tropical forest. Planning a trip to China soon? Don't bother. Cover all the sites of China, including the Great Wall (in miniature of course) at the Forbidden Gardens. If you don't get dizzy on one of the 11 roller coasters at Six Flags AstroWorld, then maybe you are ready for the IMAX Ride Film at Moody Gardens. Do you require more tame entertainment? Then sit back in reclining Texas-sized love chairs at the latest movie

superplex, or hit the links on one of Houston's 100+ golf courses. You can also watch the shooting stars, indoors on the ceiling of the Hobby Center, while other stars dazzle you with their performance on the stage. If that is not relaxing enough, then slowly wander through the rain forest at the Cockrell butterfly exhibit and see how many rare species of butterflies you can discover. Feel the need for water? Besides miles of beaches just a short drive away in Galveston, you can now walk underwater at the new 500,000 gallon Aquarium right in downtown Houston. It even has its own Ferris Wheel for a unique spin right in the heart of the city. If all this running around makes you hungry, then try one of the 4200 restaurants in town. With some of the best chefs in the country serving up a cornucopia of cuisines, it is no wonder that Houstonians eat out more than the residents of any other U.S. city.

So, for those of you who have never been here or those of you who just never took advantage of all Houston has to offer, here is a snapshot look at the Space City:

25 Years of GLBT history

The GLBT community has a long history. Let's face it, we have been around since the beginning of humankind. Despite what rhetoric ignorant and small minded people may use, being GLBT is not some new fad or phase we can change. Sadly the history of our community and its contributions to society are hidden, hard to find, or revised and/or dismissed by those in power. Most of society thinks that being gay is something "new" because our current GLBT civil rights movement only reached mainstream visibility recently, starting with the Stonewall Riots in NYC on June 27, 1969. Our pride celebrations are a commemoration of that event, and should serve as a reminder that we progress and enjoy the rights we have today because others in our community had the courage to stand up and say, "ENOUGH!"

However, as it is said, "Those who do not learn from history are doomed to repeat it!" This is even truer for our community, which often operates under society's myth that we really don't have much history, or that all the gains that we have today are recent victories. Quite the contrary! We enjoy what freedoms we have today only because others in our community laid the foundation years ago. Our community is also plagued by a lack of eyewitnesses to events and a continuity of leadership. The AIDS pandemic, which simply devastated our community

throughout the Eighties and continues to cast its dark specter on a new generation, wiped out people with first hand experience to what really happened, and sadly took many of our most courageous and dedicated leaders away. The result is that after close to 34 years of the modern GLBT movement, most don't know our proud history.

Our Houston community is no exception to this lack of knowledge of GLBT history and perhaps suffers the misconceptions of yet another myth; that GLBT history only happens on the east and west coasts. Nothing could be farther from the truth. As a matter of fact, our modern GLBT movement probably owes its existence to the Houston community and people such as Larry Bagneris, Ray Hill, Carol Femnian, Steve Shifflet, Tony Vega, Guy Amandee, Tony Vacochie, and Carol Clark. These founding mothers and fathers were the virtual glue that held the movement together and got it back on track. Did you know that after the "March on Washington" and Anita Bryant's vicious anti-gay campaign in 1977, Houston played host to Pride movements from around the country, to work out the difference between the coasts and bring us all together as one big movement? Pride was hardly diversified and various factions often fought with each other instead of working together. The Houston delegation was the one to mediate and bring the people together.

Ironically we didn't even have our own Pride Celebration yet. It wasn't until the Houston community got together at Town Hall 1 in 1978 in the AstroArena that Houston joined the then very few cities with a Pride Celebration. Fortunately for us and for future generations, these people cared enough to make a difference.

So as the Pride Committee of Houston celebrates its 25th Silver Celebration, it is time to take a snapshot look back at the past twenty-five years and remember our history; to reconnect with some of the events and issues that have shaped our lives. Of course this is just a brief look. There is so much history for us to uncover, learn and ponder. The Pride Celebration has been the "stage" for over 25 years as we watched history unfold, and has given people and organizations a way to express themselves to an audience they might never otherwise see. Whether you were an active participant the past 25 years, a by-stander or not even born yet, you have had an impact on this history in some way, shape or form. But not matter what you did, where we are going as a community and as individuals has yet to be written, so there is plenty of opportunity for you to make your distinctive mark on the next 25 years of history and beyond. Perhaps people who don't learn from history are doomed to repeat it, but those who do learn its lessons are set to thrive and prosper! ★

What will make GLBT history in 2003? Will the War in the Gulf bring about a re-examination of "Don't Ask, Don't Tell" that will see the acceptance of gays in the military? Will the Supreme Court, in its examination of Section 21.06, finally strike down "Homosexual Conduct" laws around the country? Will a successful vaccine for AIDS and an effective medicine for those who have AIDS be found? Will GLBT civil rights continue to be attacked from those who would deny us the right to be ourselves, or will a new era of understanding and openness prevail? What will make the top news stories of 2003? Only time will tell. However, there is still plenty of time for you to make your impact upon it. Go out and be a part of the next 25 years of history!

The 2003 Pride Committee of Houston

The Pride Committee is an energetic group of volunteers who work year-round to produce the annual Pride Celebration for Houston, to mark the anniversary of the Stonewall Rebellion, the beginning of the modern American gay and lesbian rights movement. The Board of Directors meets the second Tuesday of every month at Metropolitan Multi-Service Center, 1475 West Gray at 7 p.m. The meetings are open to the general public. Sub-Committees have regularly scheduled meetings throughout the month to accommodate volunteers' schedules. PCOH also reaches out to Pride organization around the region and throughout the world through its membership in InterPride, the International Association of Lesbian and Gay Pride Coordinators.

The Pride Committee of Houston brings the gay, lesbian, bisexual and transgender community together to celebrate individual pride, commemorate our community's history and educate society for the liberation of all people. We salute all the many volunteers who sacrifice their time and energy in pursuit these goals.

Silver CELEBRATION!

CELEBRATE HOUSTON'S ANNIVERSARY WITH 25 DAYS OF GLBT PRIDE EVENTS
25 YEARS OF THE RAINBOW FLAG
EUROPRIDE WIN A TRIP TO MANCHESTER

The 2003 Silver Anniversary Pride Parade

SATURDAY, JUNE 28, 2003,
8:45 p.m. to 11:00 p.m., on lower Westheimer
between Woodhead and Whitney
**Be a part of the Nation's original
Nighttime Pride Parade!**

- **Drink Plenty of Water.** Houston in June is very hot, even at night. So don't end your fun by dehydrating. Alcohol will only dehydrate you more. So drink lots of water. Don't worry, there will be plenty of Port-o-Potties!
- **Get There Early.** Even though last year everyone arrived at the last minute because of the heavy rains throughout the day, we recommend that you find your spot early. Also take some time to find the spot that is best for you. With our three Announcer points along the route, including our Spanish speaking emcees, you don't need to get jammed into the intersection at Montrose! Get there early, find your spot, and enjoy!
- **Walk, Take Public Transport, Car Pool.** Parking can be scarce in the area on Parade night and the traffic leaving can be heavy. Make it easy on yourself and others.
- **Respect the Neighbors.** Help keep Montrose the unique, friendly, beautiful neighborhood that it is. Please don't park on lawns, block driveways, or disturb the neighbors. You can also show your respect by using a trash can. And you know what we do to people who show don't show us respect!
- **Dress Light.** Don't be a slave to fashion. Save that

for after the parade! Dress in light and loose fitting cloths or you will find a new meaning of sweating it out in the crowd. Don't know what to wear? Why not try a new 25th Silver Anniversary Pride T-shirt! Snazzy!

- **Keep the Pets Home.** Sure your pet has Pride too, but a crowd of 150,000 might scare the GLBT right out of Fluffy! Show Rover the pictures later on.
- **Don't Worry, Be Happy.** Have a great time, but if there is a problem, please let one of the many volunteer Parade Marshals along the route. They will take care of it!
- **Invite Everyone.** Pride celebrates our diversity and the Parade just isn't the same without it. We have special areas by the Judges' stand reserved specifically for the physically challenged. Just don't steal the show while you are up there.
- **Play it Safe.** This may be Montrose but you are still in the big city. Ensure your safety by exercising time-honored personal safety tips; walk in groups on well-lit streets; keep valuables to a minimum; have your keys ready to open your car or home; stand back from car drivers asking directions; and most importantly, call 911 if there is trouble. Don't ruin your celebration by becoming a victim of crime.

If you have any questions about the Pride Parade or other Pride events, check out our web site at www.pridehouston.org, or email us at info@pridehouston.org, or give us a call on the PrideLine at 713-529-6979.

PARADE ROUTE

2002 Pride Parade

The Parade That Almost Didn't Happen

The 2002 Pride Parade, "Pride Worldwide," was one for the history books! Heavy rains threaten the Parade all week long. On Parade day those rains turned into near hurricane conditions. For the first time in Pride Parade history it looked as if the Parade would be cancelled. But as Executive Director, Ken Donnelly said the night before at the Pride Cabaret, "It does NOT rain on our Parade!" It didn't. At 5:30 p.m. that day, the clouds started to break, the sun could be seen, and the rains stopped. The show went on!

Pride Worldwide was a success! The Houston Fire Department participated in the parade for the first time in Pride history. Also for the first time there were three emcee areas along the route with one completely in Spanish! It was also the biggest Parades ever with a record breaking 134 entries! And even with the rains all day long, the crowds came out an estimated 150,000 strong.

So join us this year for our 25th Silver Anniversary Pride Celebration and make sure that the Parade is another, record-breaking, earth-shaking, motivating, history-making event!

KEN WILLIAMSON

He came to PCOH with an idea; create an artistic expression of Pride through song and dance. What he created, the Pride Cabaret, was nothing sort of a celebration of our lives. You laughed. You cried. You were moved. All because one person wanted to use his talents to make a difference. What a difference it was!

Troy

TROY CHRISTENSEN

There are key people in organization who seem to be doing everything. Then there are others who seem to be the organization itself. At every turn, you could find Troy taking on a key project, putting in long hours, and helping out with even the most mundane of activities. Not enough for Troy; Though his title was Director, everyone knows him as friend.

BJ

BJ SILVA

Some volunteers stand out and take a bow. Others stand in the background and hold them up. Year after year, the Parade relies on BJ working in the background to keep everything running like clockwork. At the end of the night, when everyone else would jump on the float to ride down Westheimer, BJ would still be at her post, in the dark and by herself, assuring that the last details of the parade were taken care of until the bitter end. Last year, for the first time, we made sure that BJ was in the parade and in a place of honor at the end.
